

Soul eater

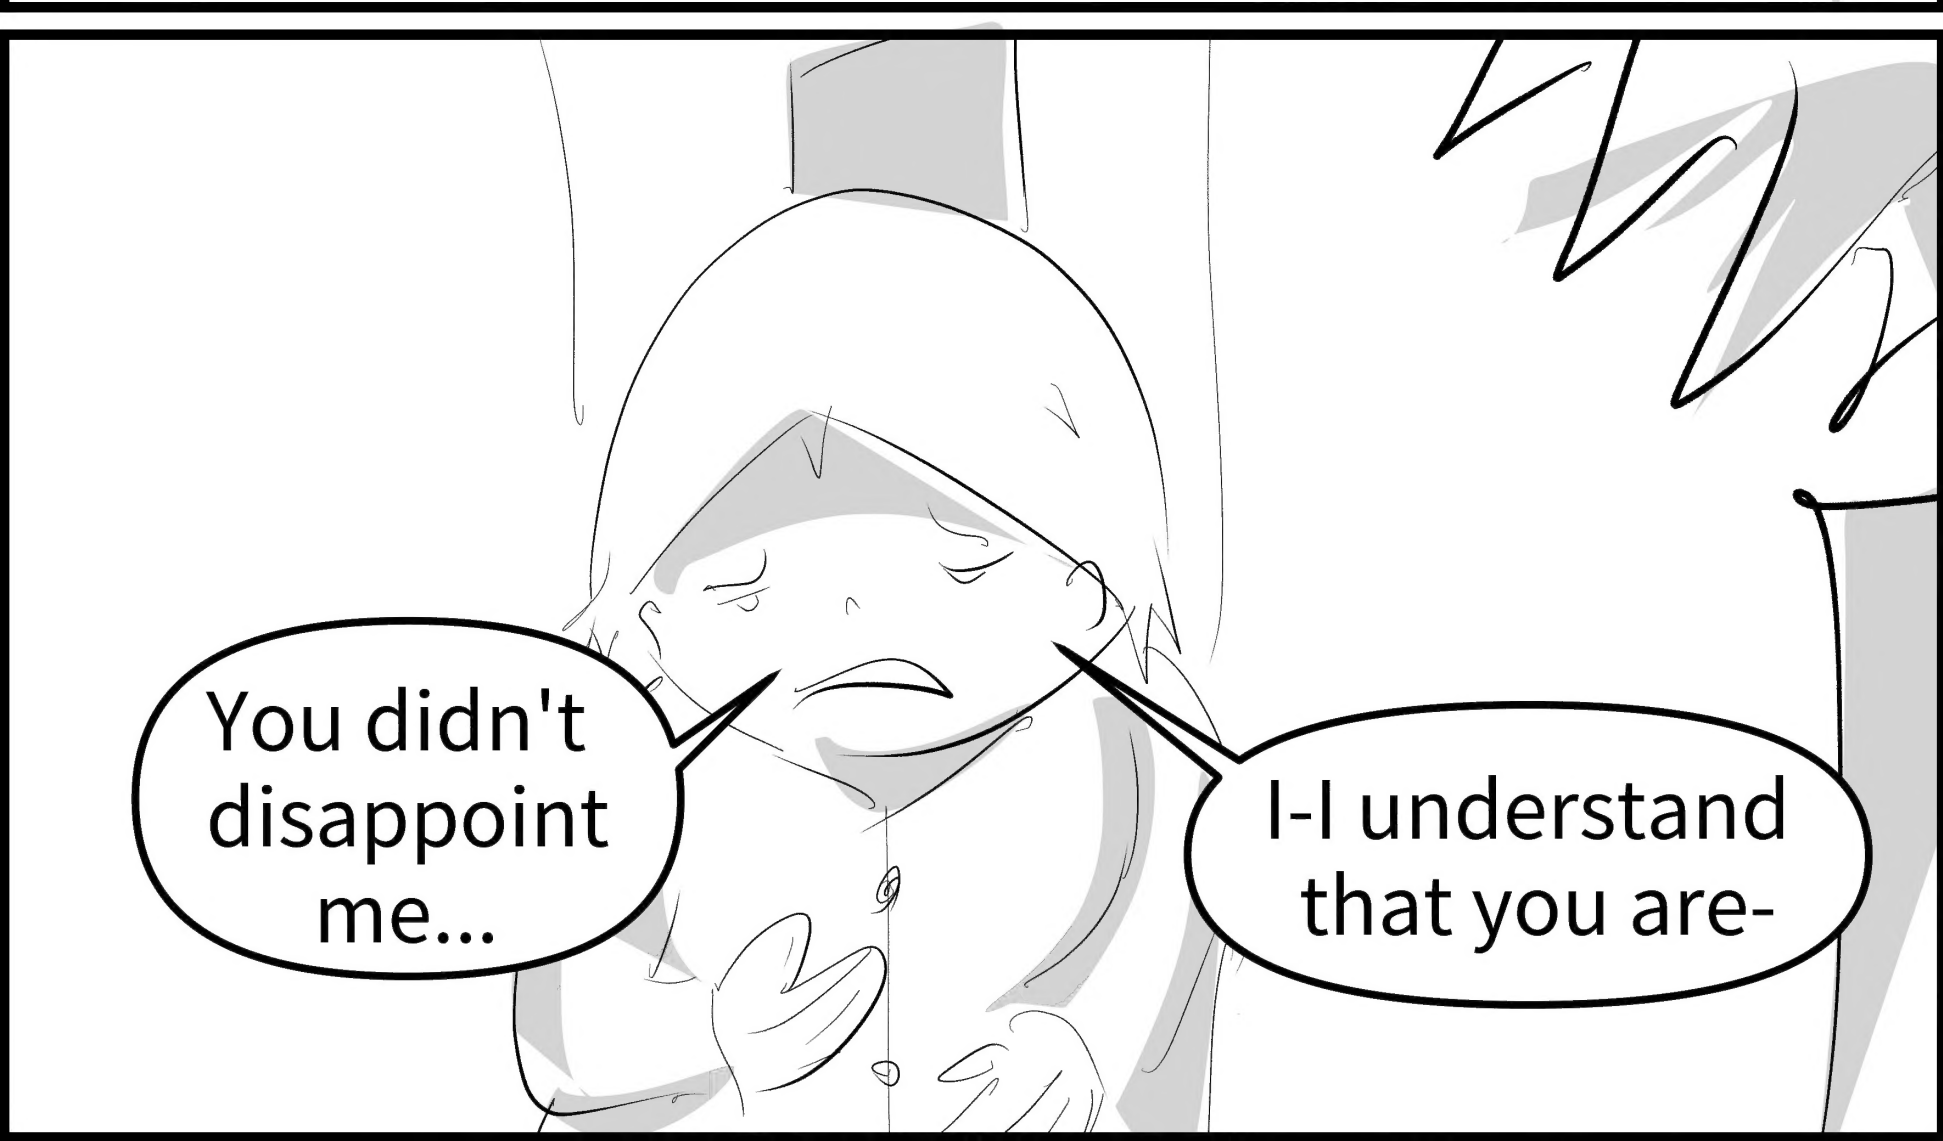

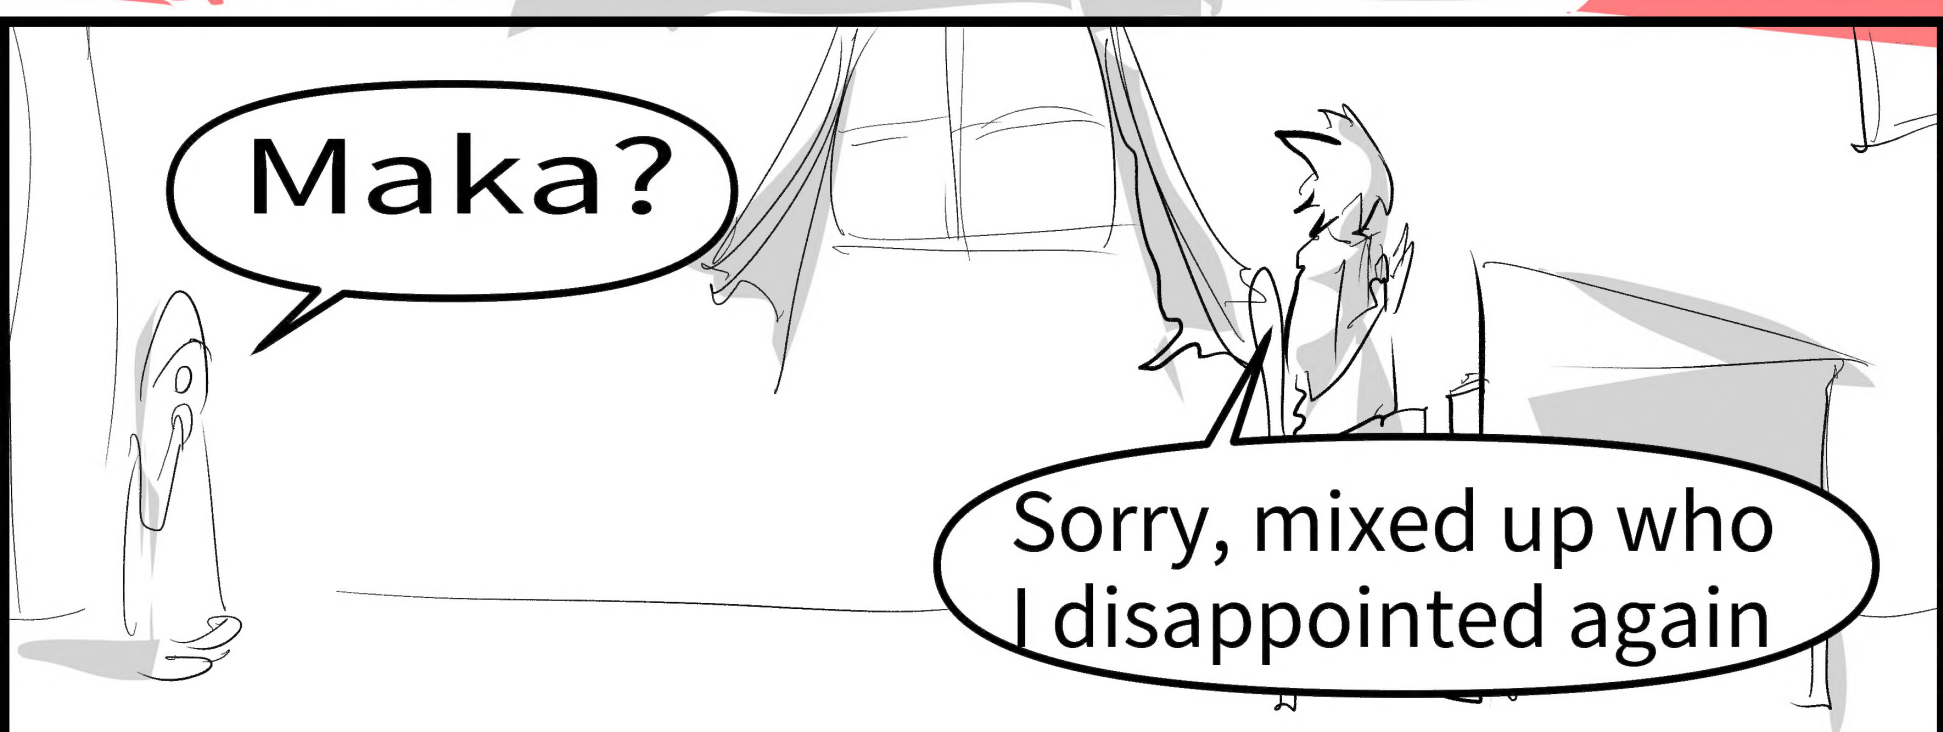

post

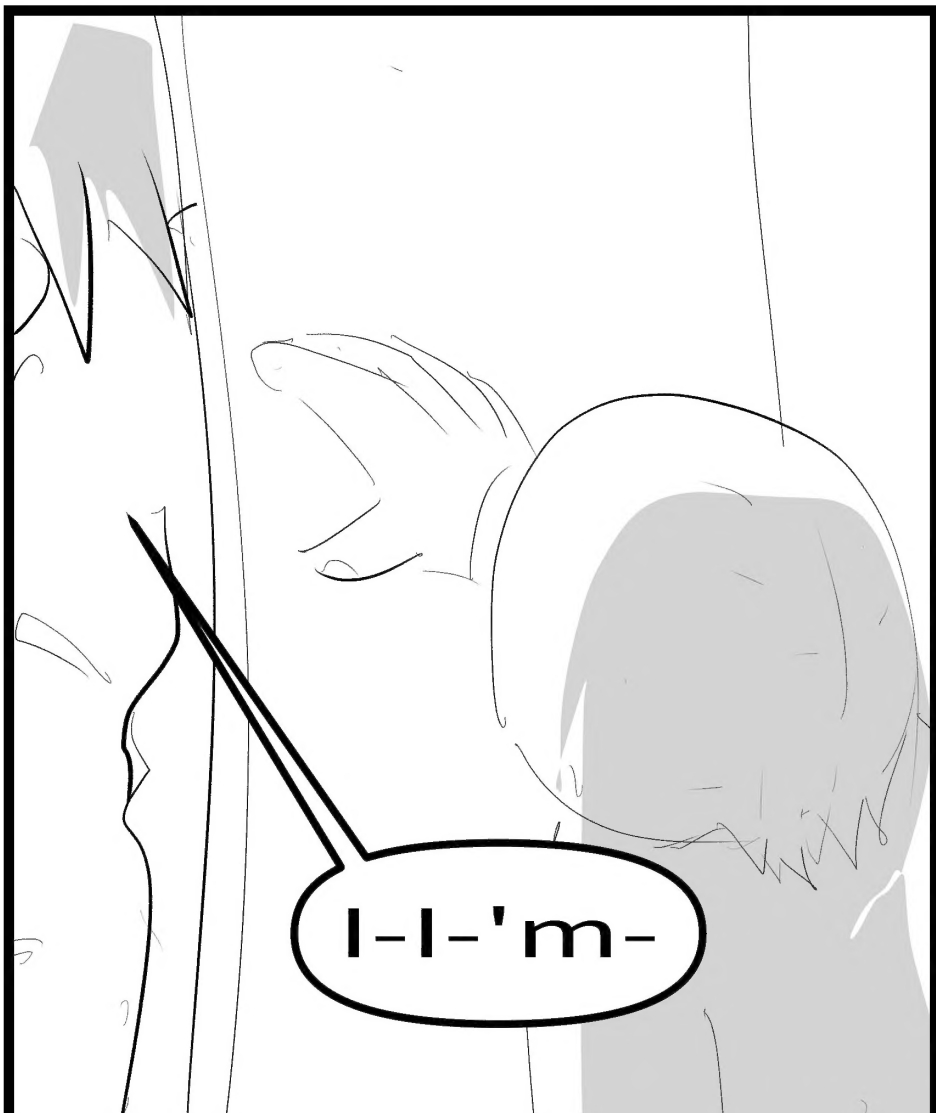

Please Soul...

Play like you did that time

SICK

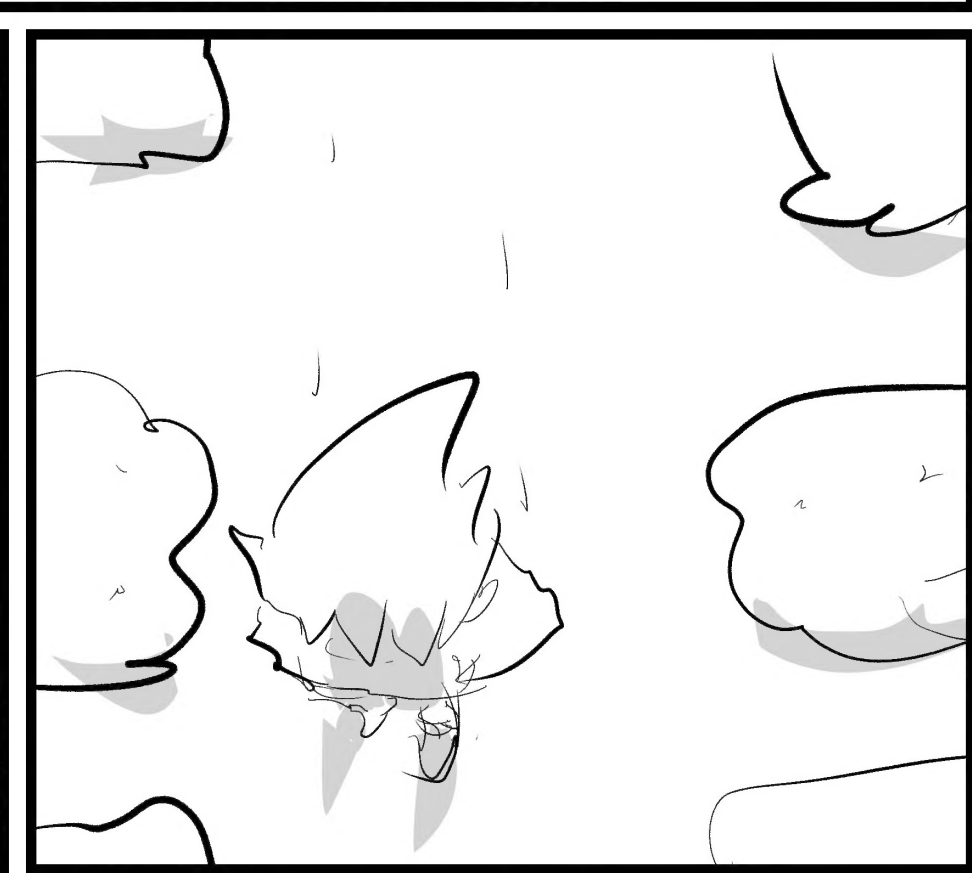

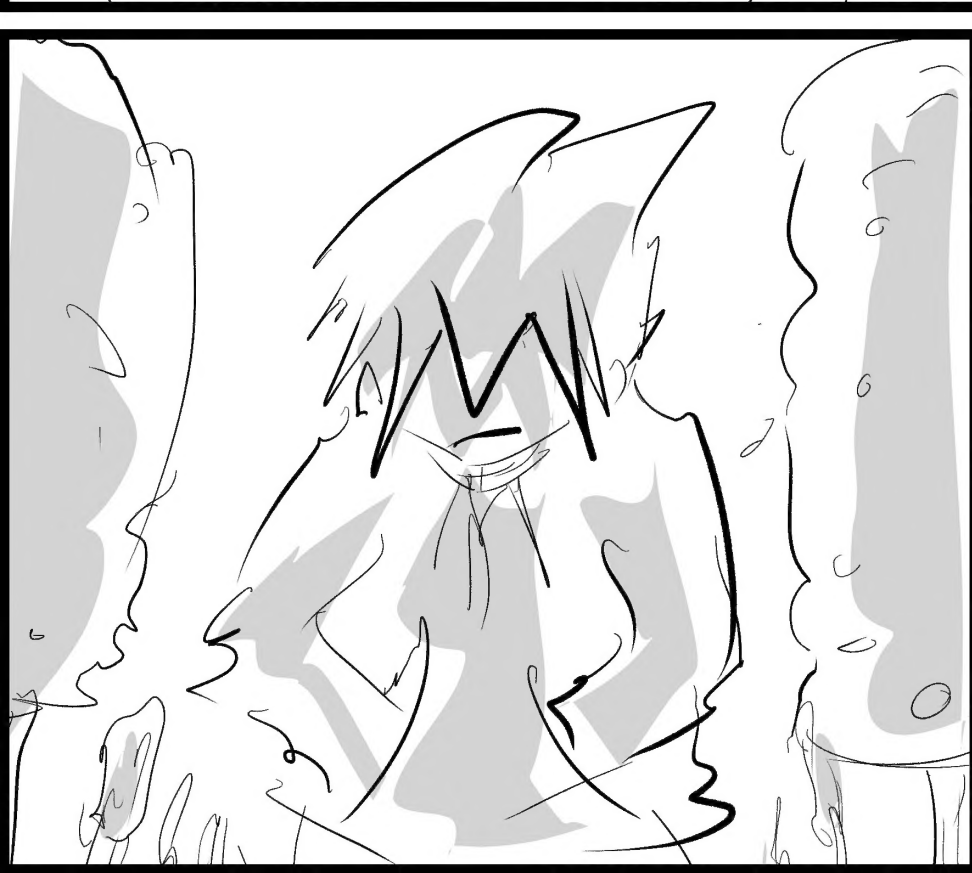

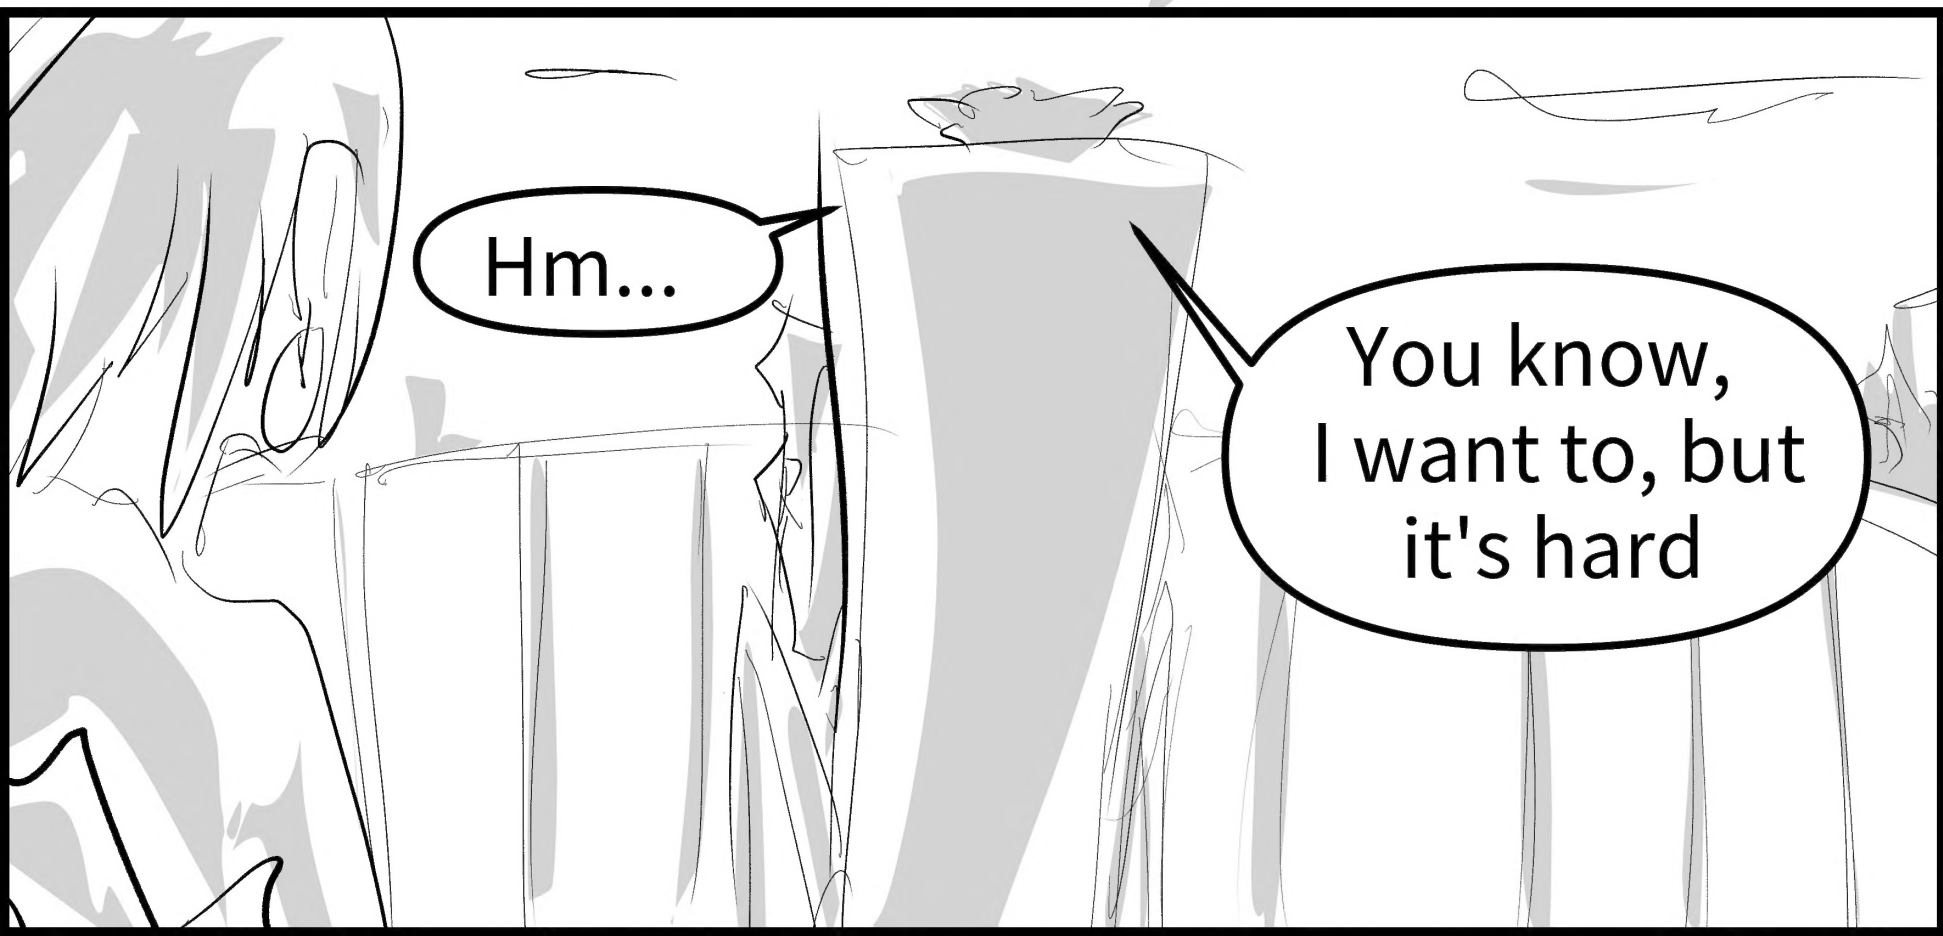

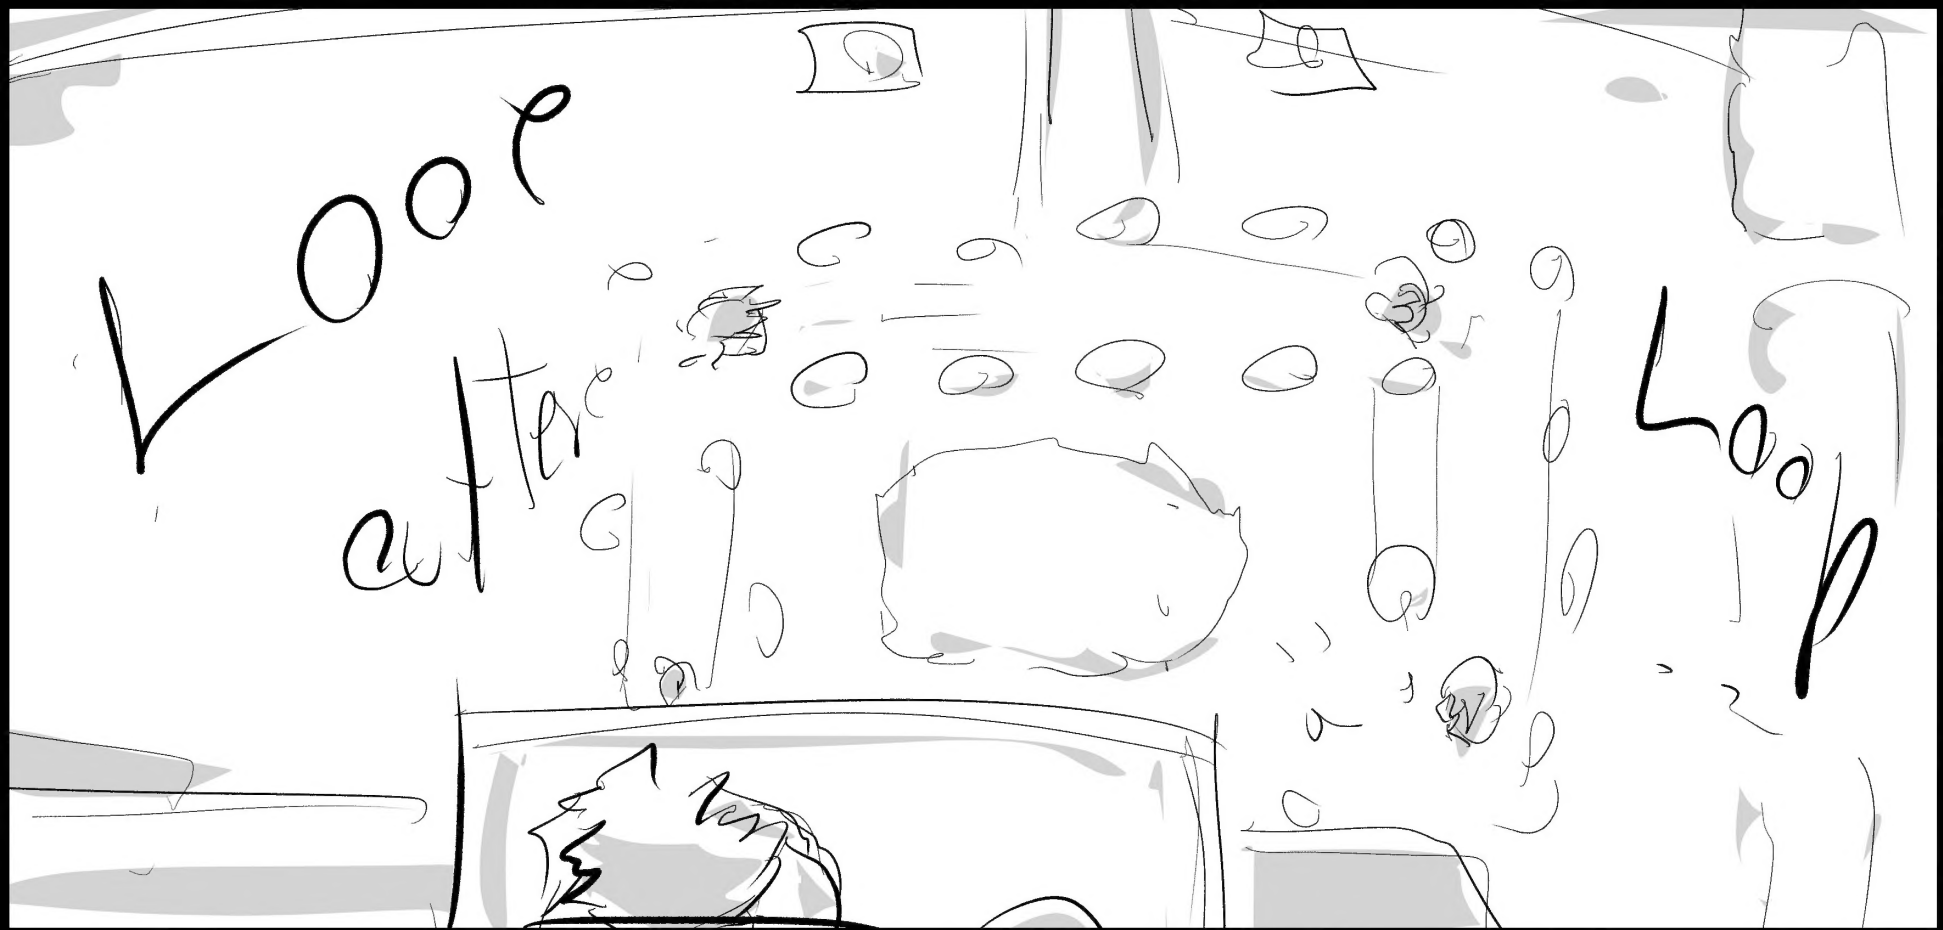

Don't-don't
touch me

A-any moment blades could
tear you to pieces...

I don't wanna
hurt you...

Even if still do by
being like this

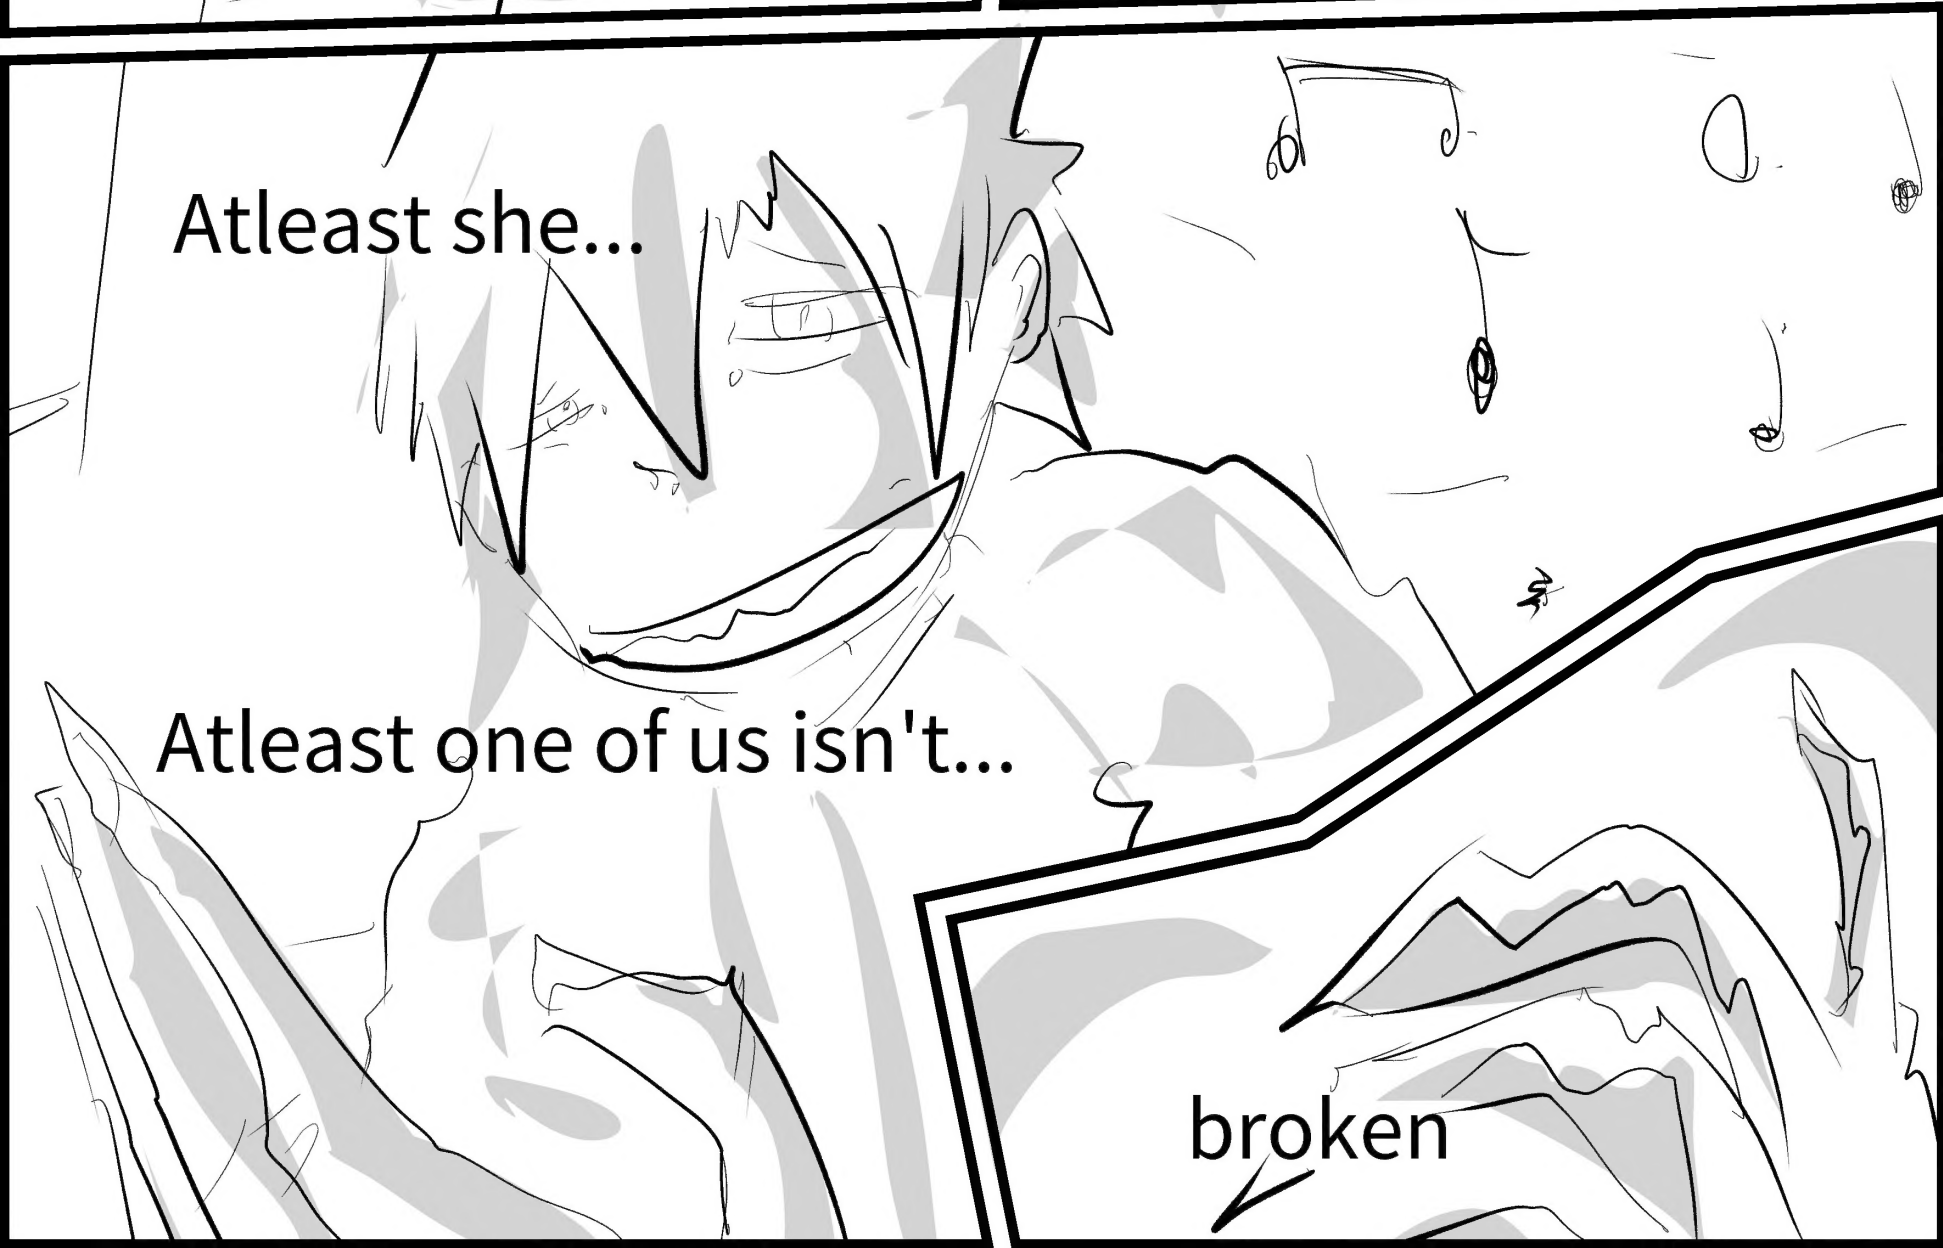

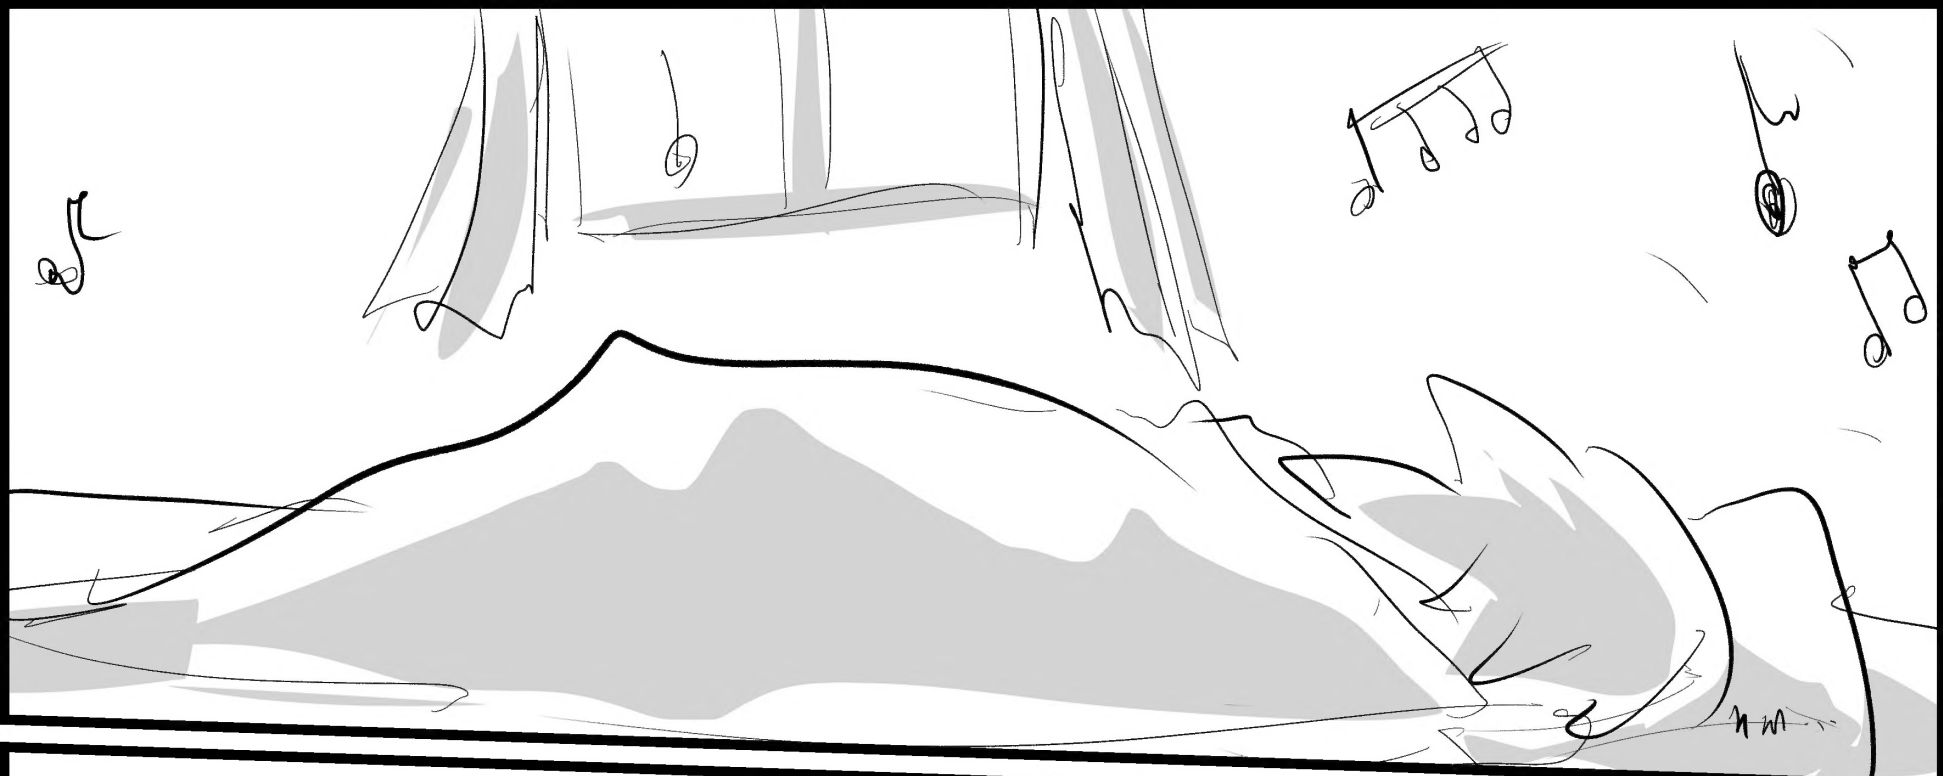

Considering it all...

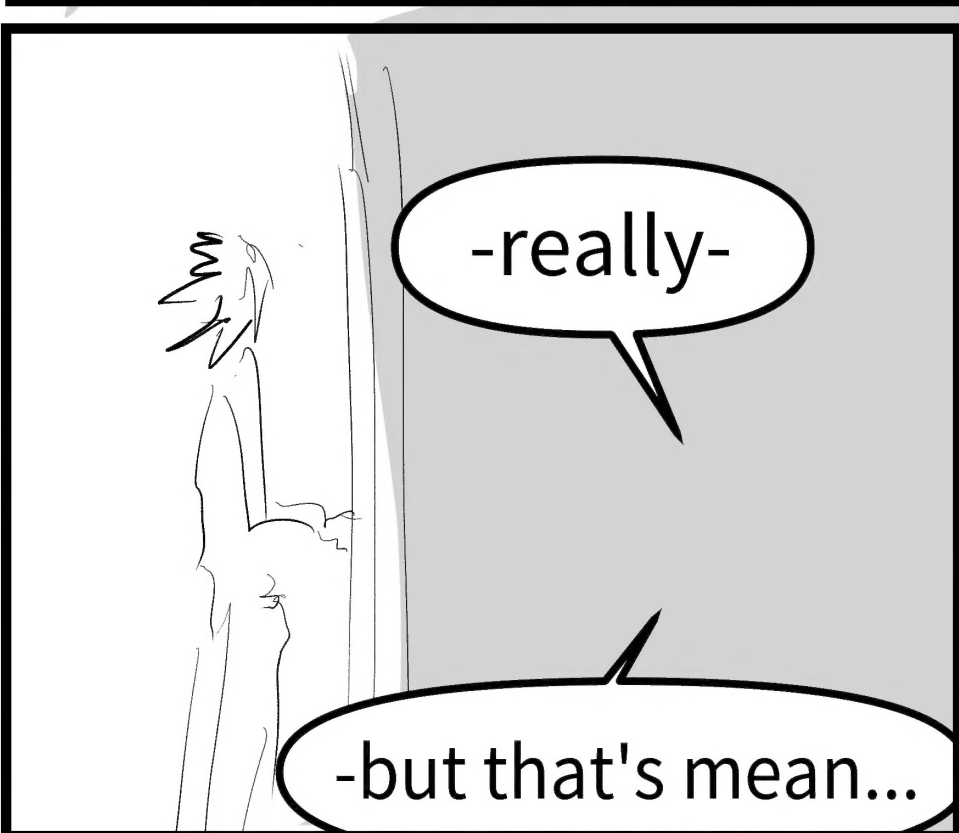

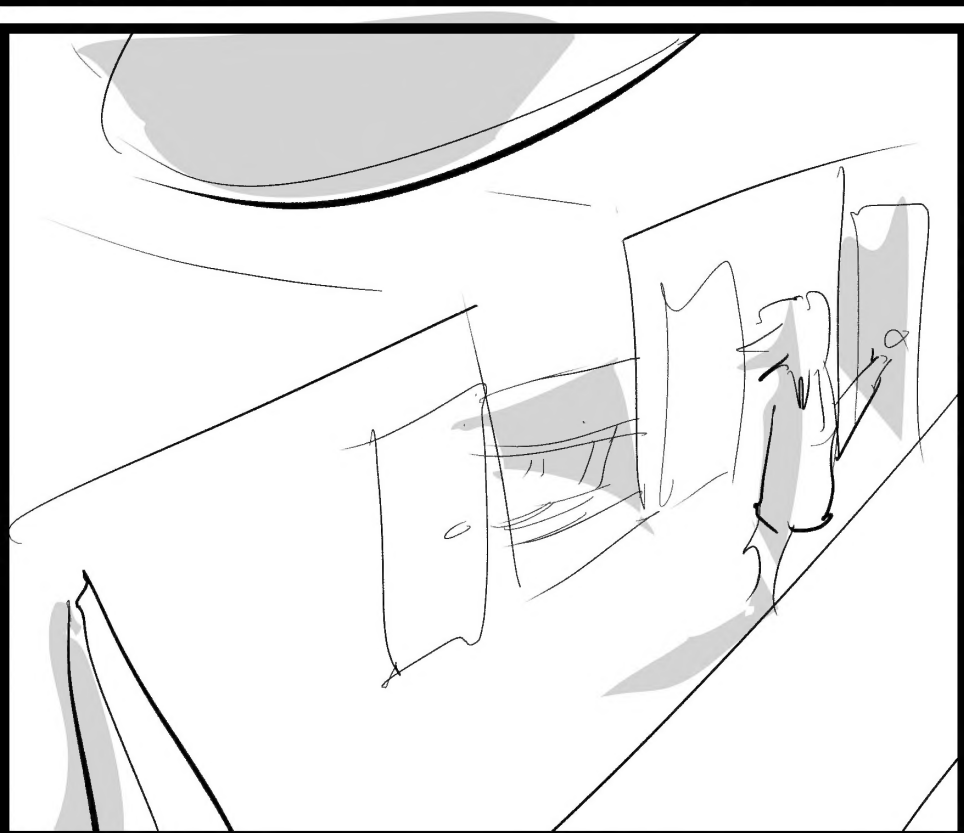

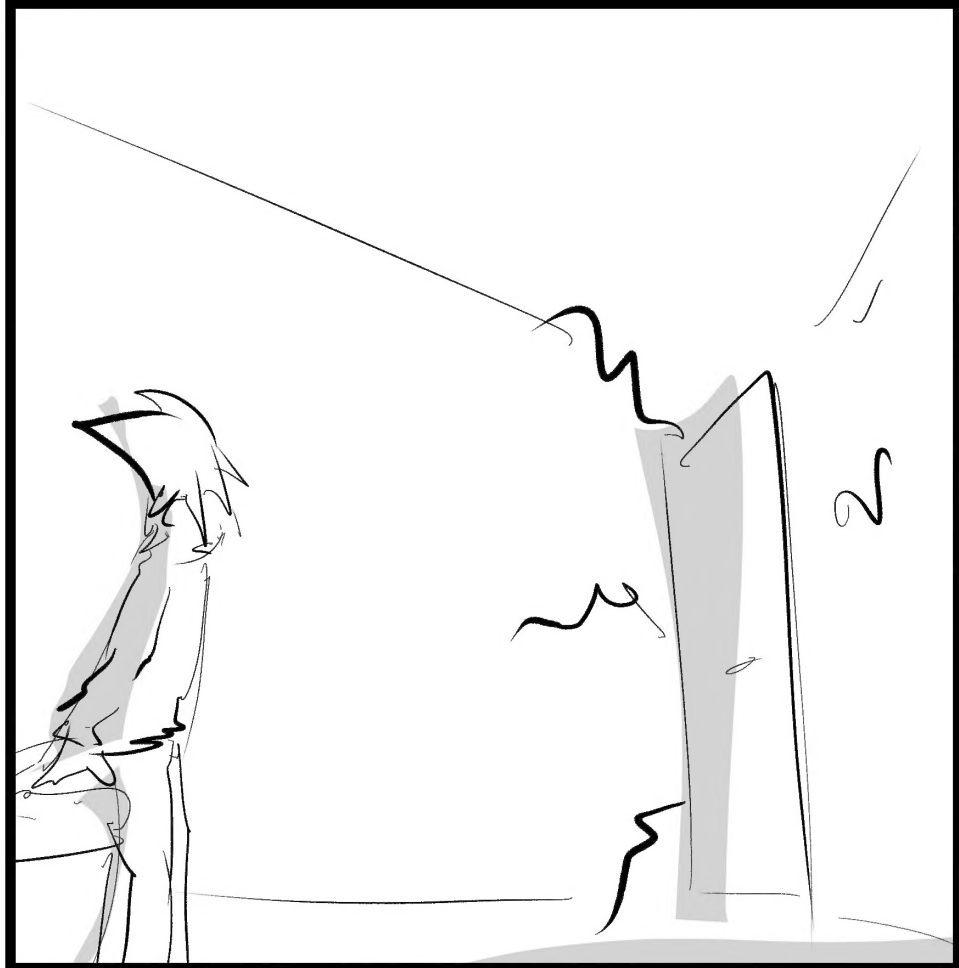

A healthy
young man
throwing it
all away

He-he just
needs some
time...

He'll get better

please

-really-

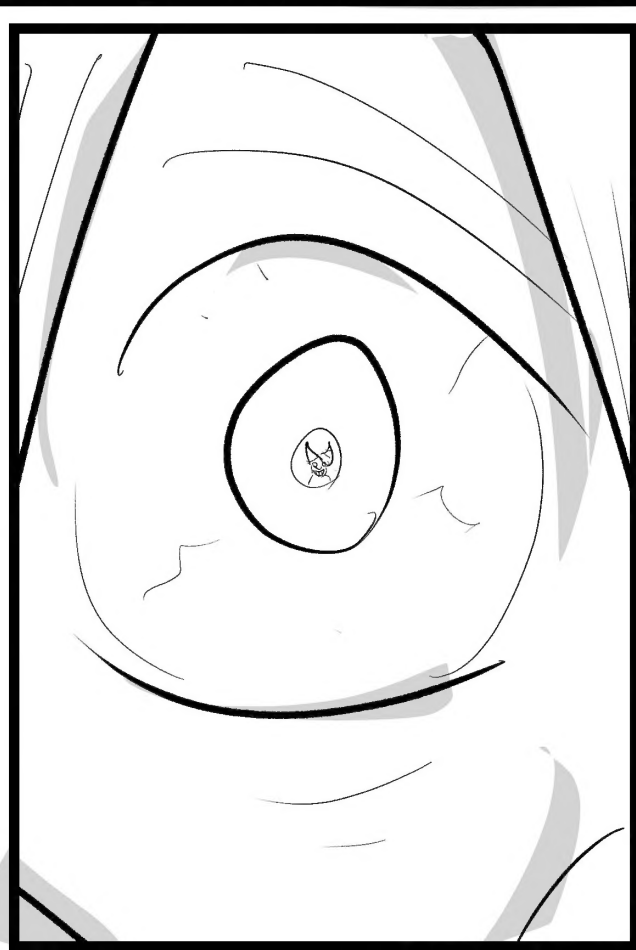

-but that's mean...

Sarah?

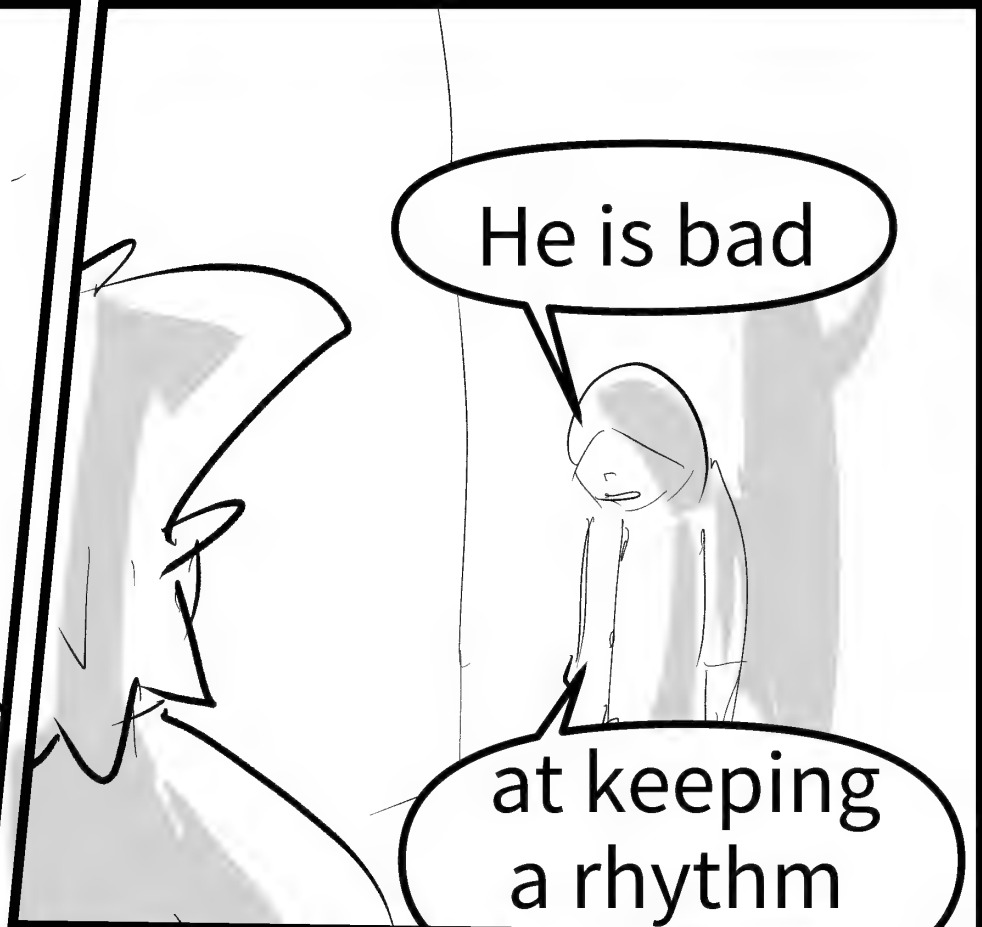

No, stop
saying that,
please!

When did I
ever tell you-

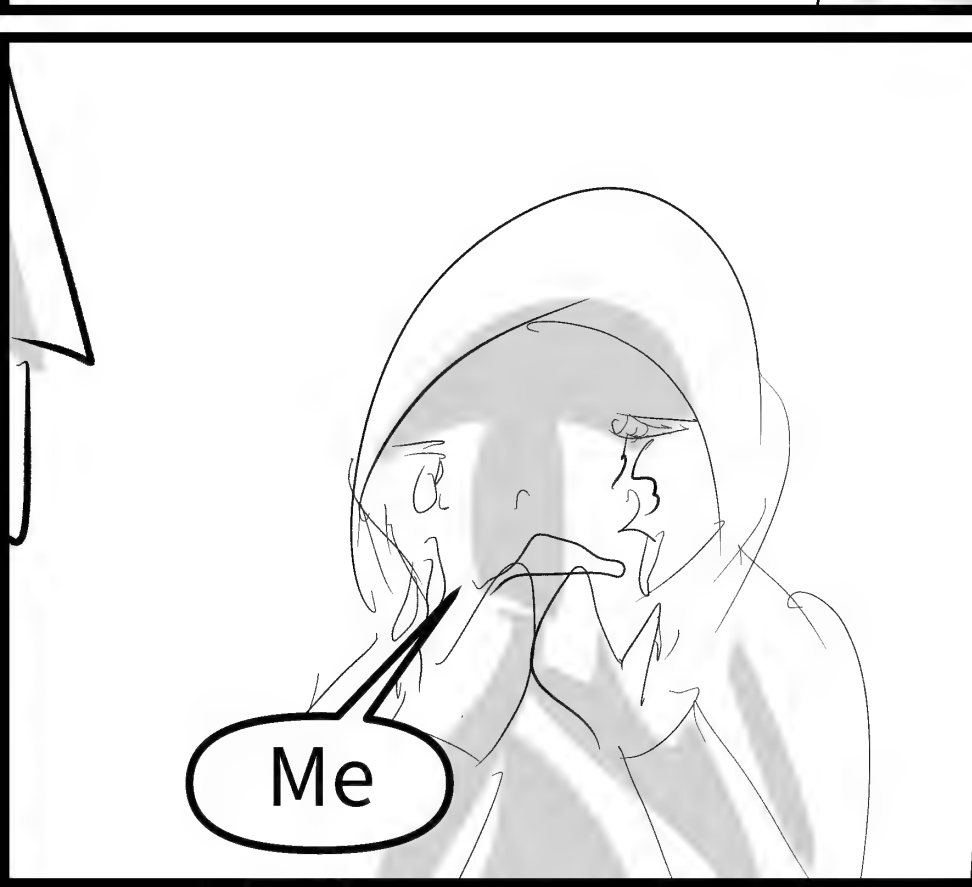

He is bad

at keeping
a rhythm

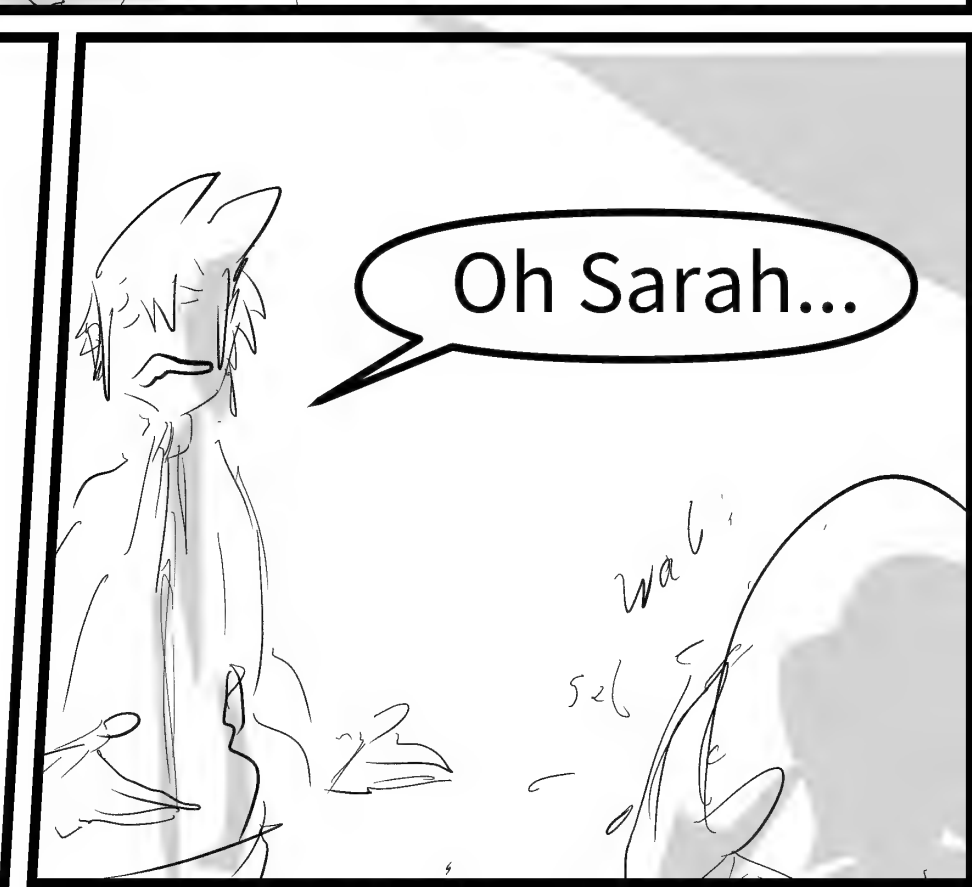

I think
that makes
him angry

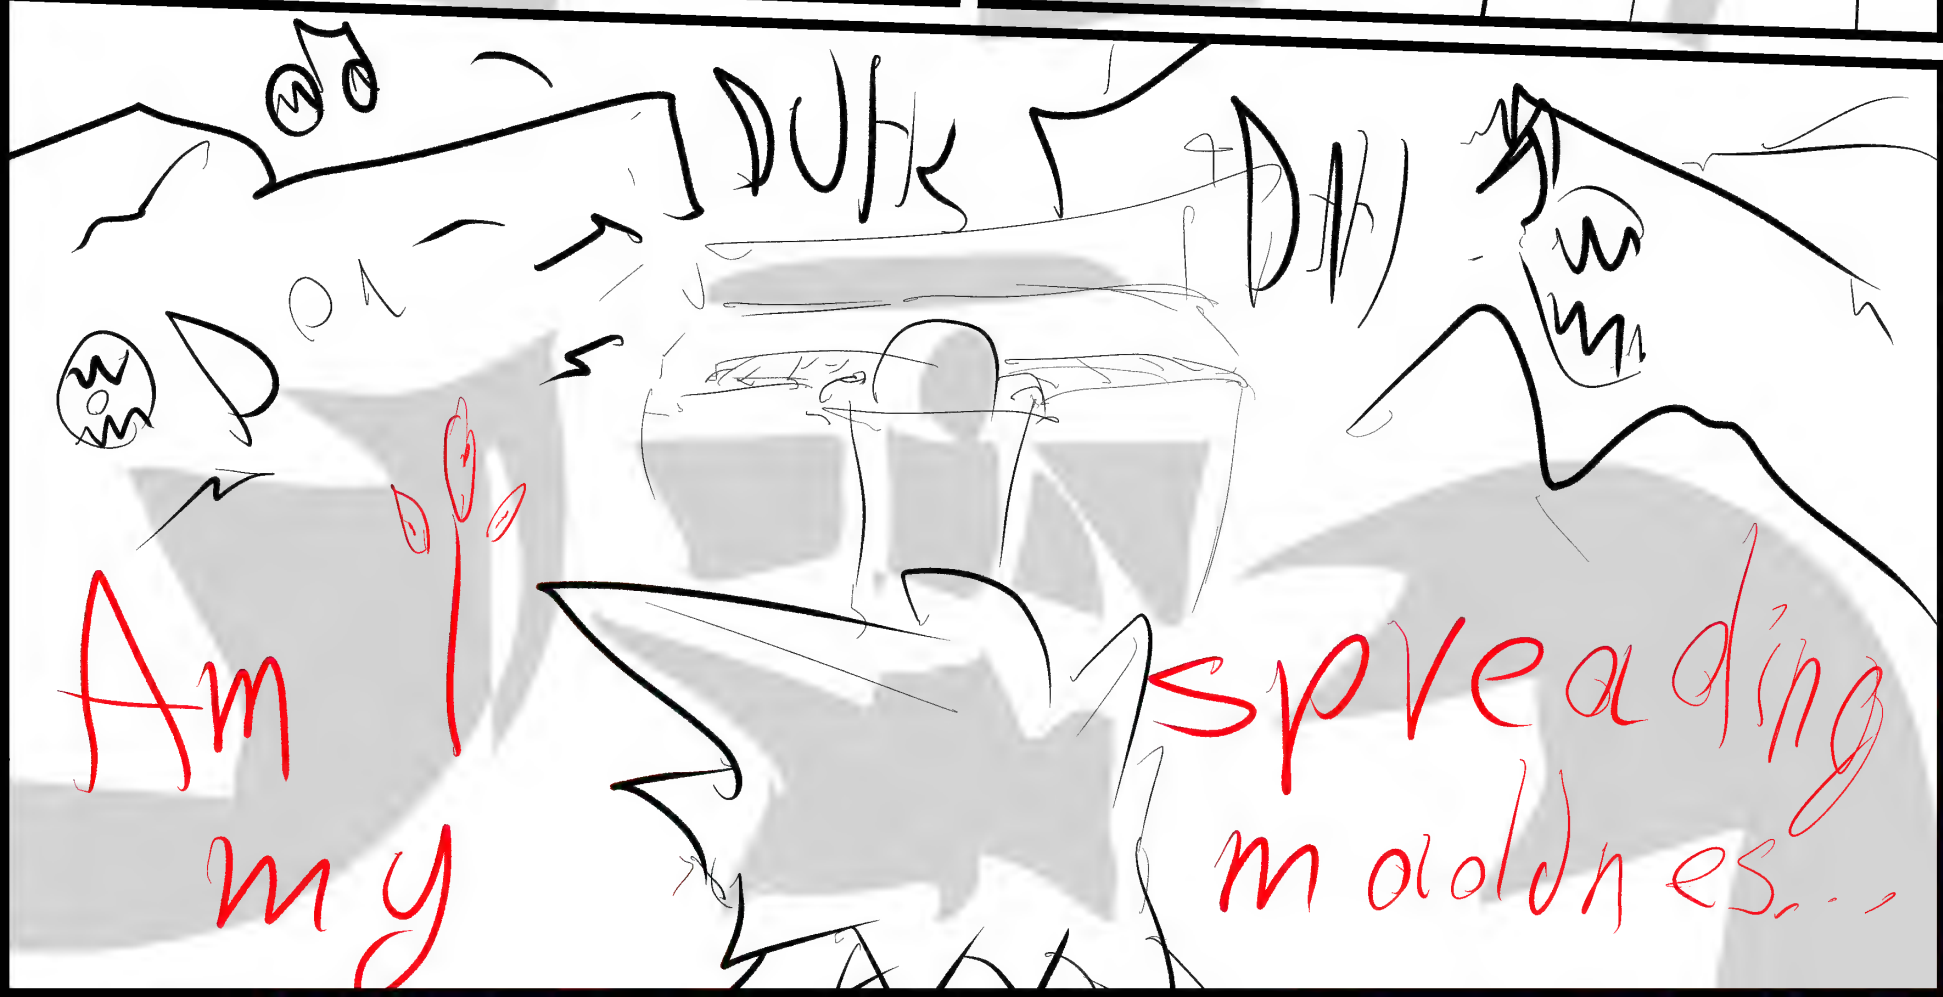

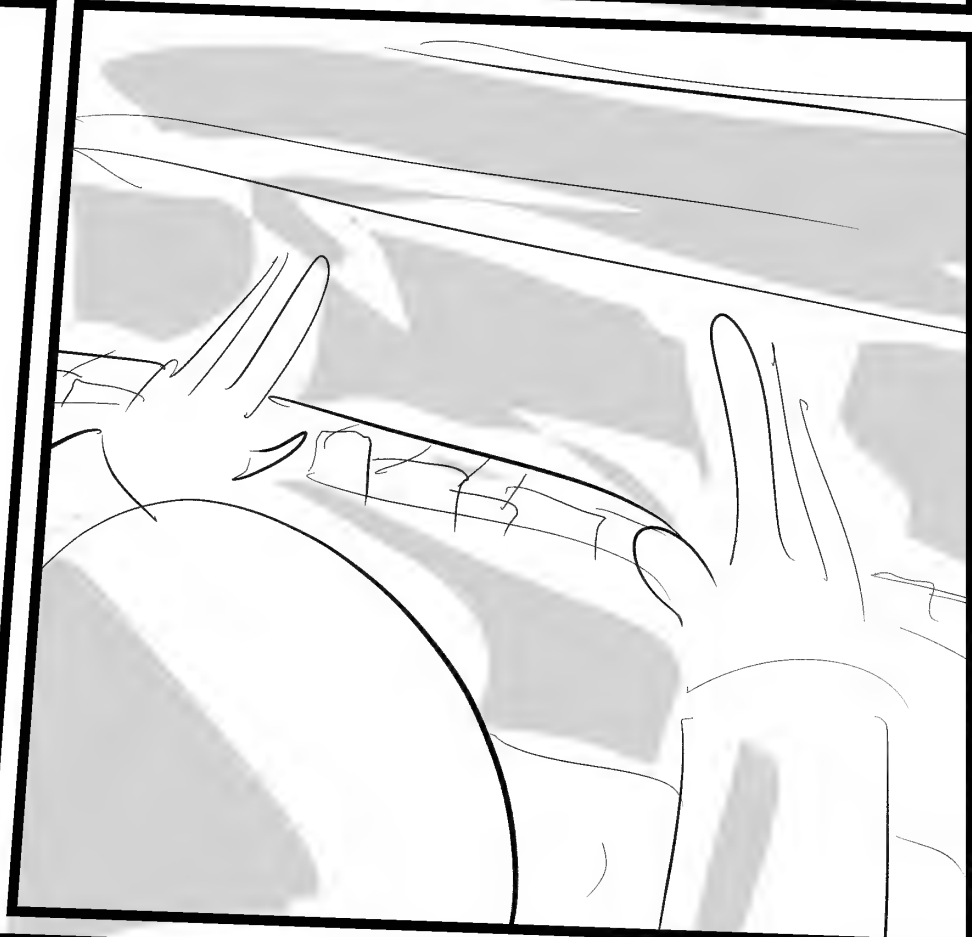

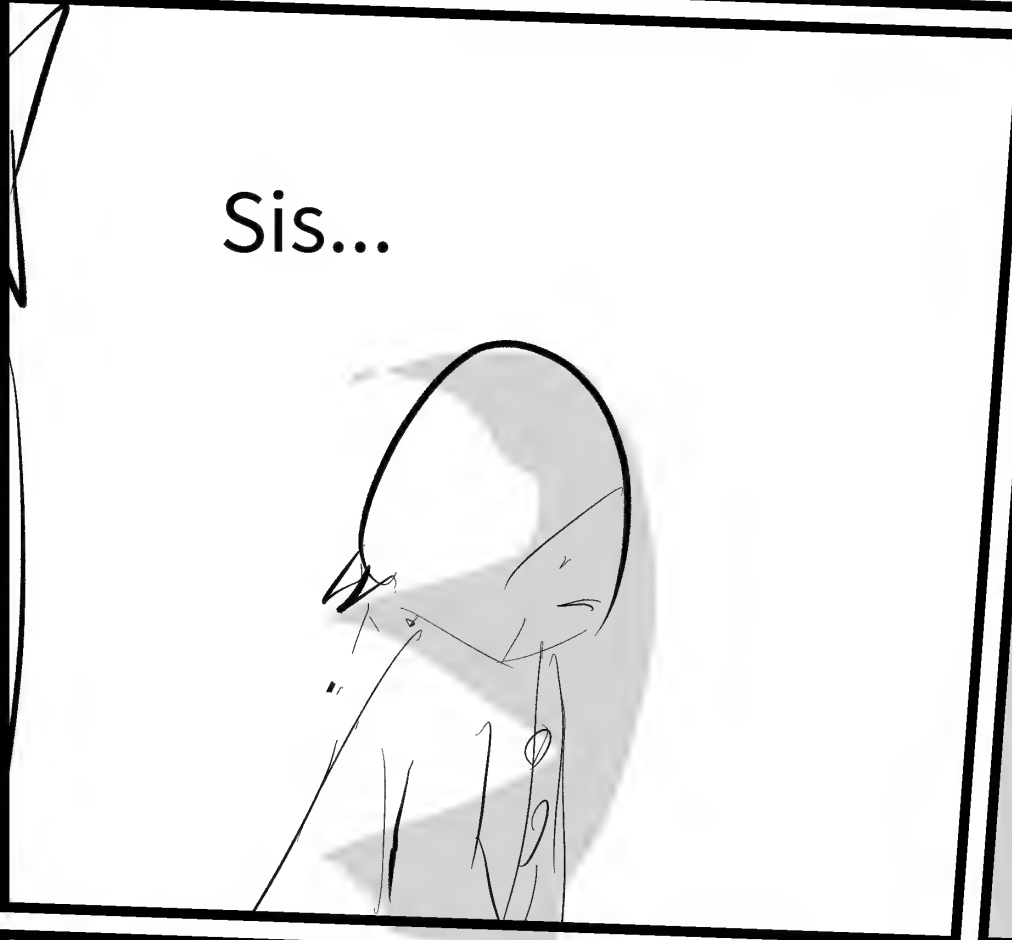

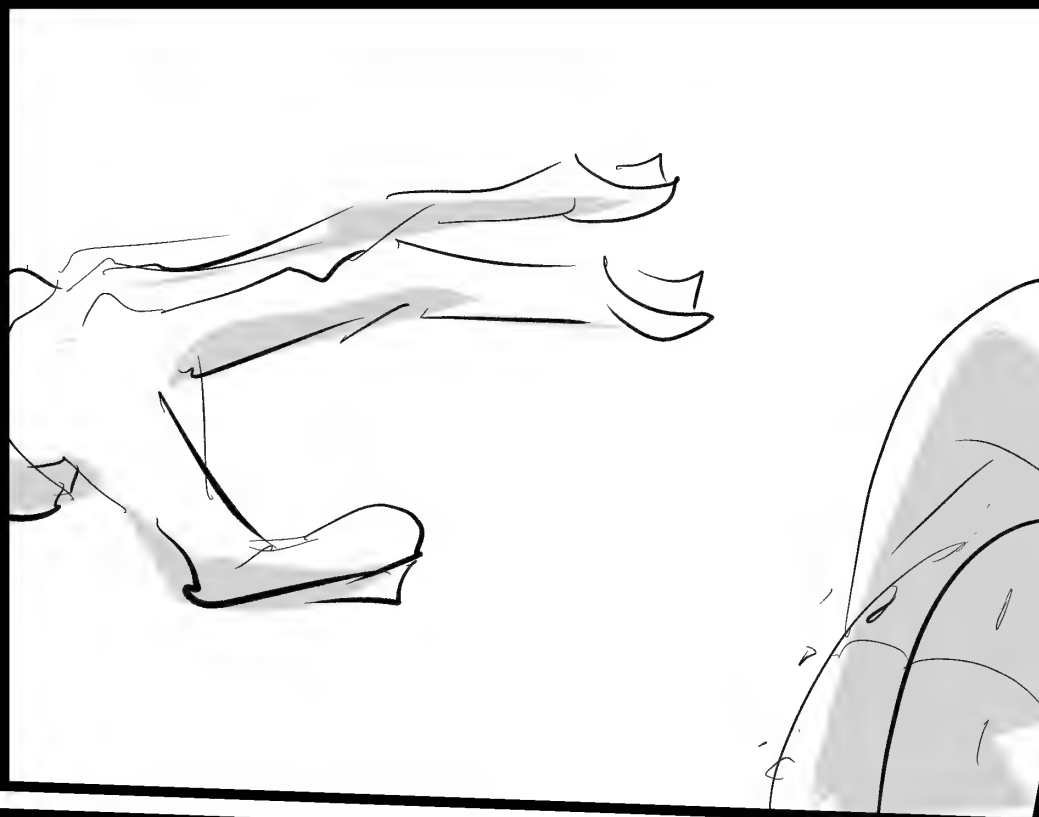

and that is
why he says
terrible things
about...

Me

Oh Sarah...

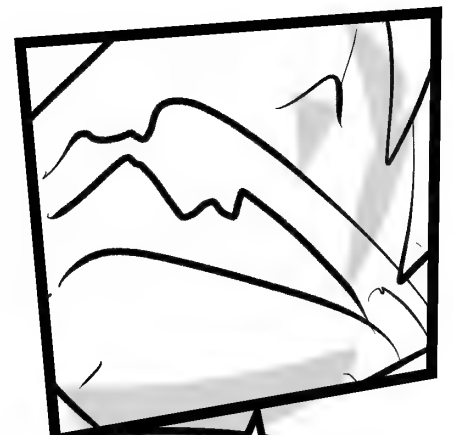

Maybe
I really
should
just-

Soul... Can I ask you something?

But please,
don't be angry

When am I-
Oh, ok sure

I-if you are
afraid of "that"
happening and
hurting others-

Svath,

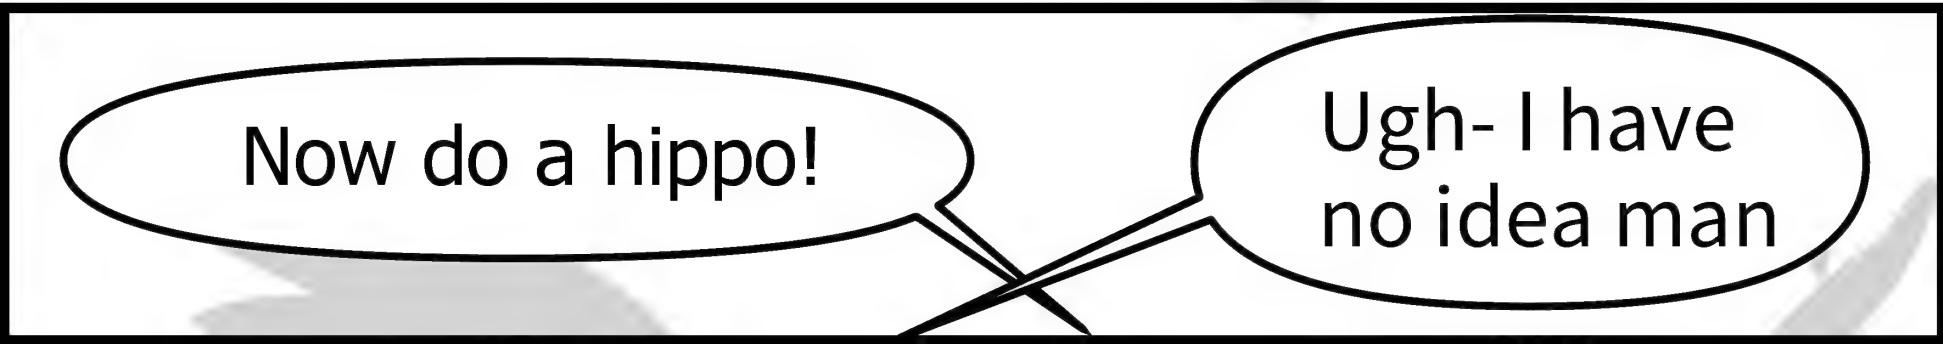

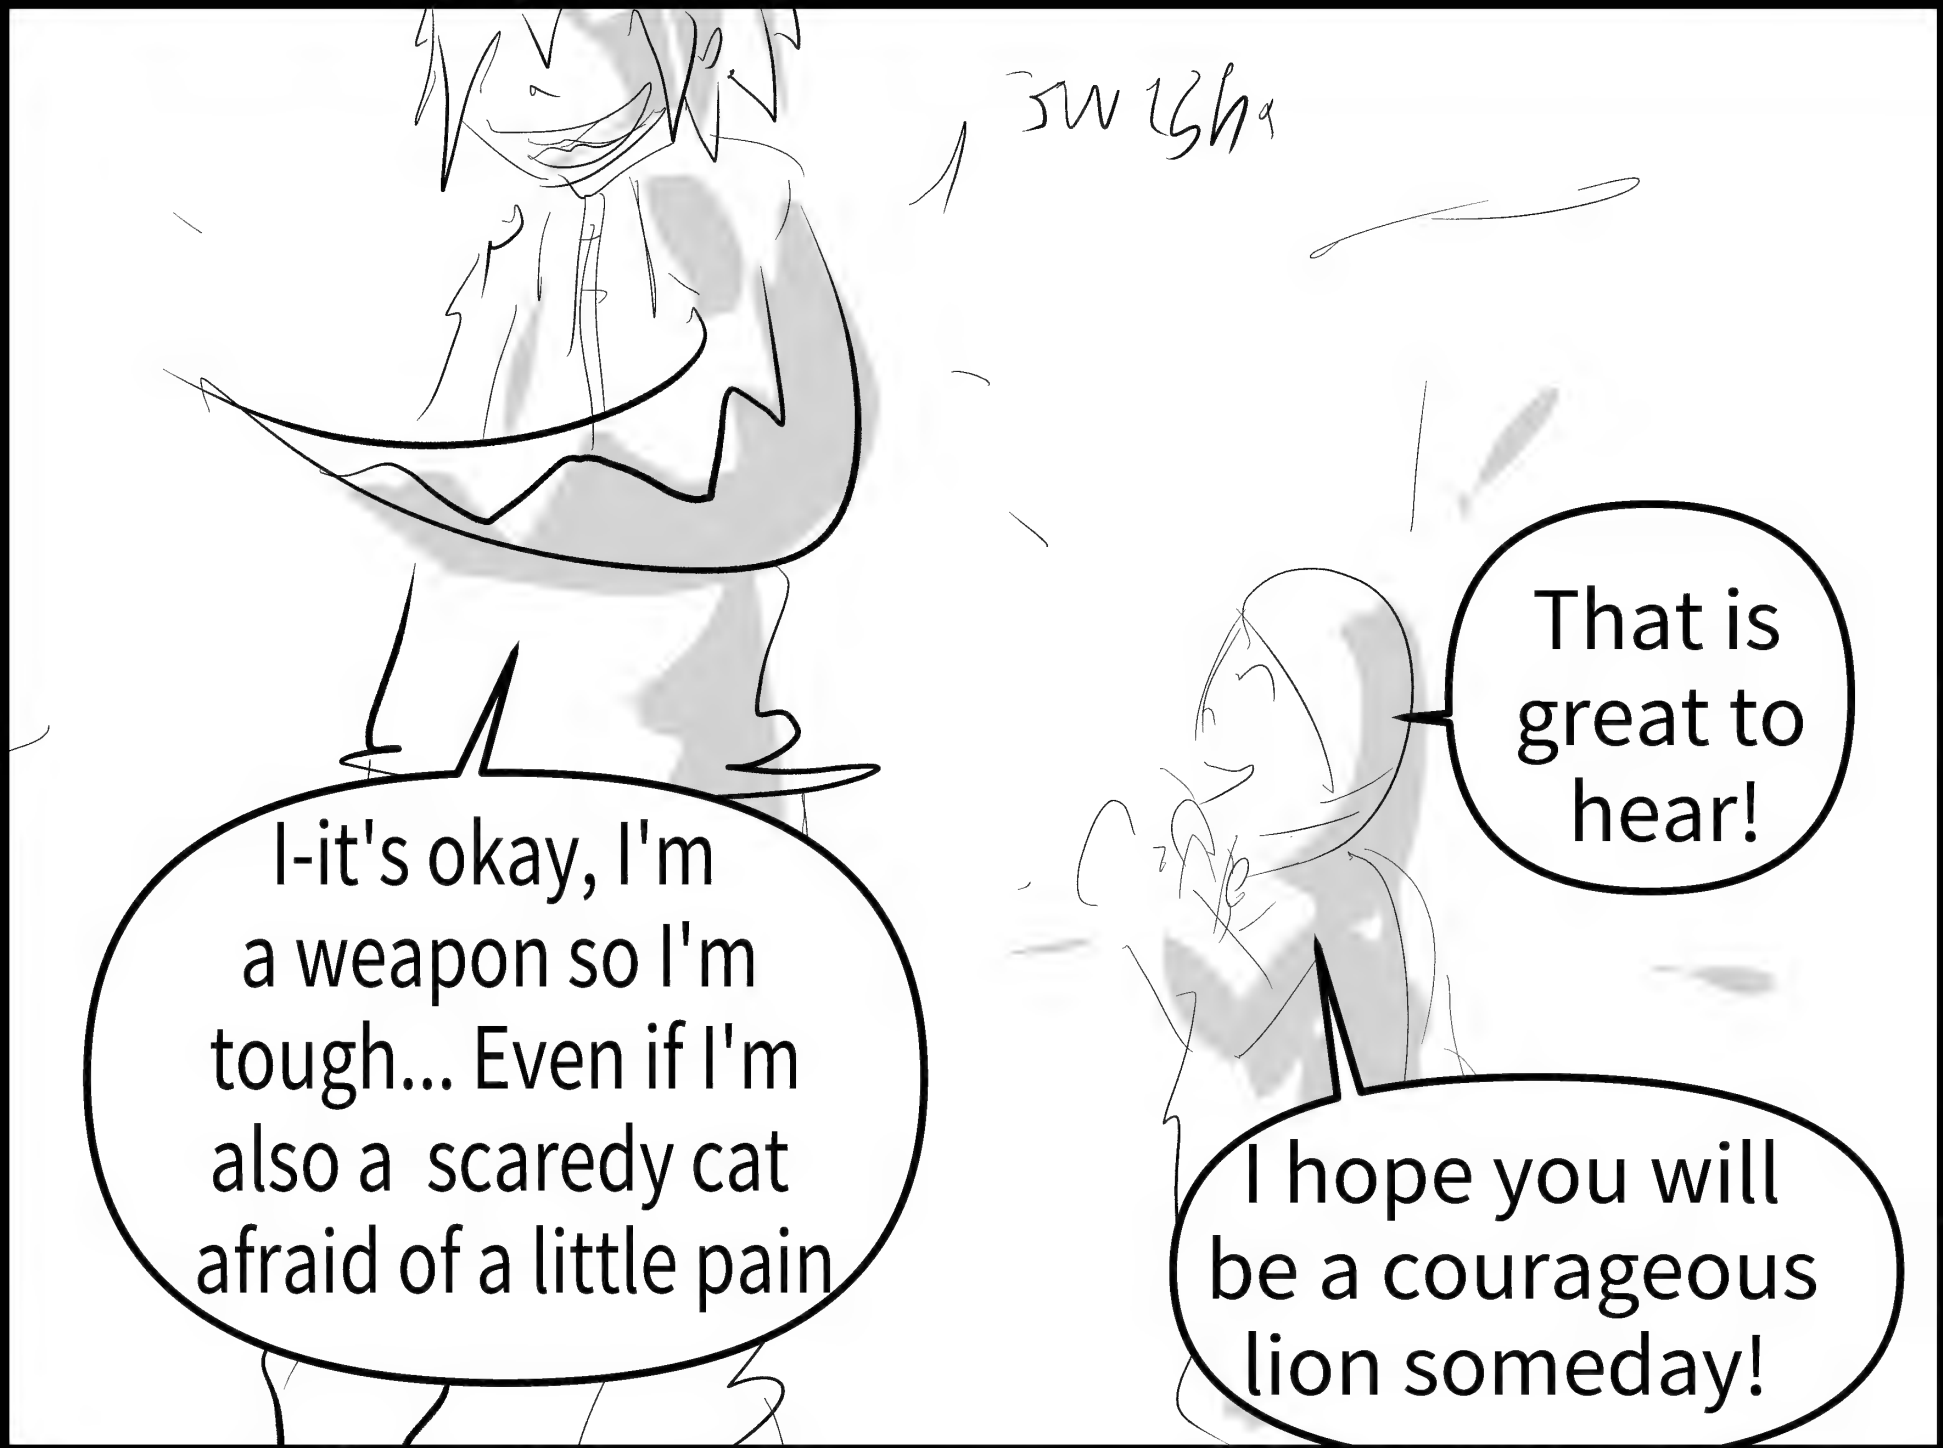

Great, now this again-

w-why are you touching your face and head?

Wouldn't you hurt yourself really bad?

D-do you want to hurt yourself...

Please don't, you're my only brother...

Again...

No, even if I wasn't a coward...

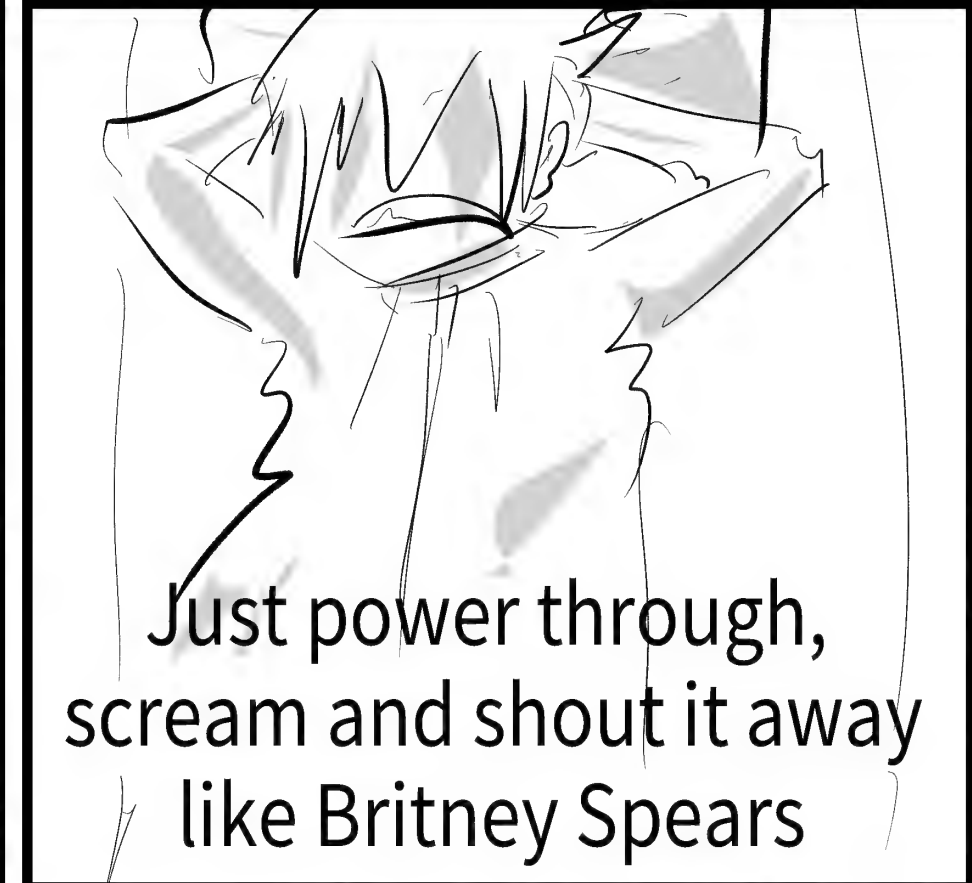

But what's wrong with
me that I'm even
thinking about
that?

I was the one that everyone else came crying
about their bullshit problems to...

I wish I had their problems

Just power through,
scream and shout it away
like Britney Spears

But the only bitch is me, all the
rationalising just making it worse

All the doctors laughing

I know that they are right

Yet this fear- no this constant panic-

Am I getting
hallucinations
too now?

AAAHH!

Could be good
music atleast,
not screamo-

Aaah!

Sarah!

Just when mom
and dad went out!-

SWH

Still even a broken
weapon can cut ...

Let her go!

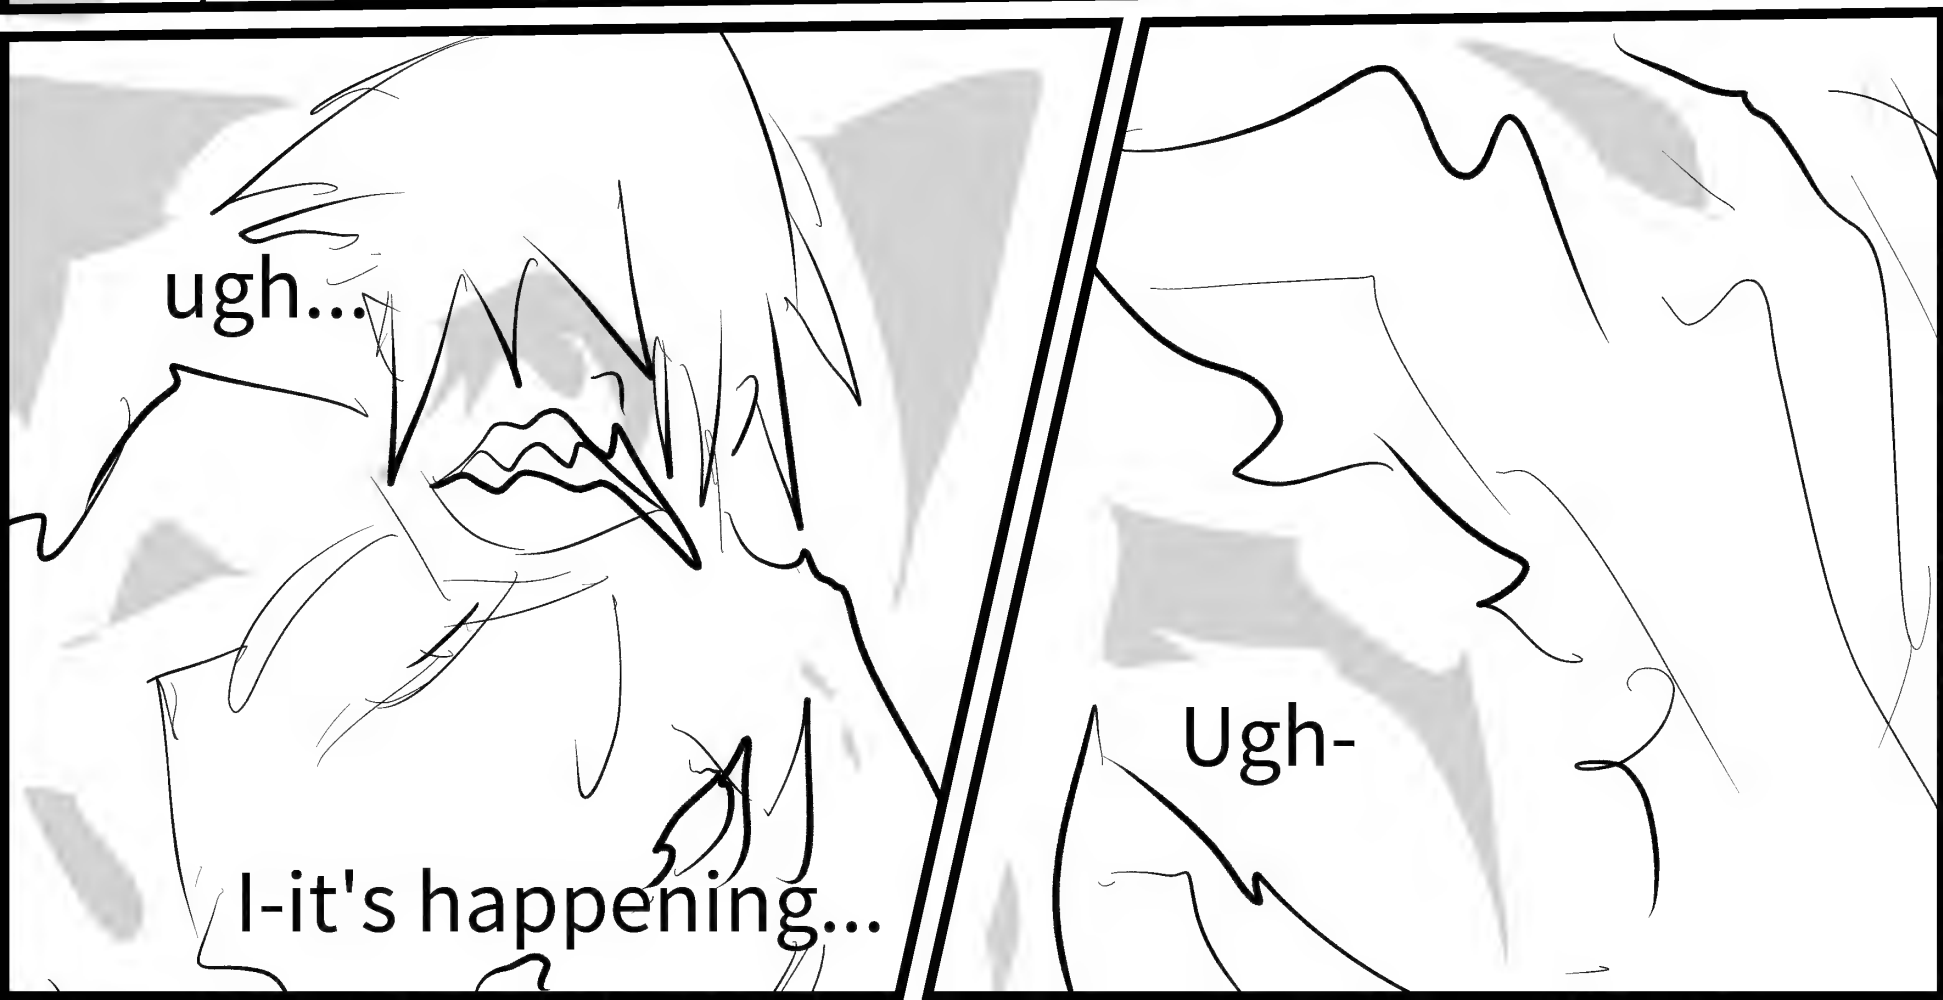

AAaah!-

S-soul! Help!

D-don't let
me end up
like-

Aagh

Ugh...

I-I'm scared-

A comic panel showing a character with a head injury. The character is wearing a white shirt and has a large, jagged wound on their forehead. A speech bubble is coming from the character.

S-soul-

A comic panel showing a character with a head injury. The character is wearing a white shirt and has a large, jagged wound on their forehead. A speech bubble is coming from the character.

You-you're bleeding!

A comic panel showing a character with a head injury. The character is wearing a white shirt and has a large, jagged wound on their forehead. A speech bubble is coming from the character.

Have had deeper cuts from shaving

Bu-but didn't
it hurt-

Yeah it did

But not really
compared to
that time a
buddy nearly
sliced me up
and I jumped
into that with
no second
thought

W-what-

So now Sarah

I know
it's scary

Let's be real,
a freaking guitar
neck where your
arm should be-

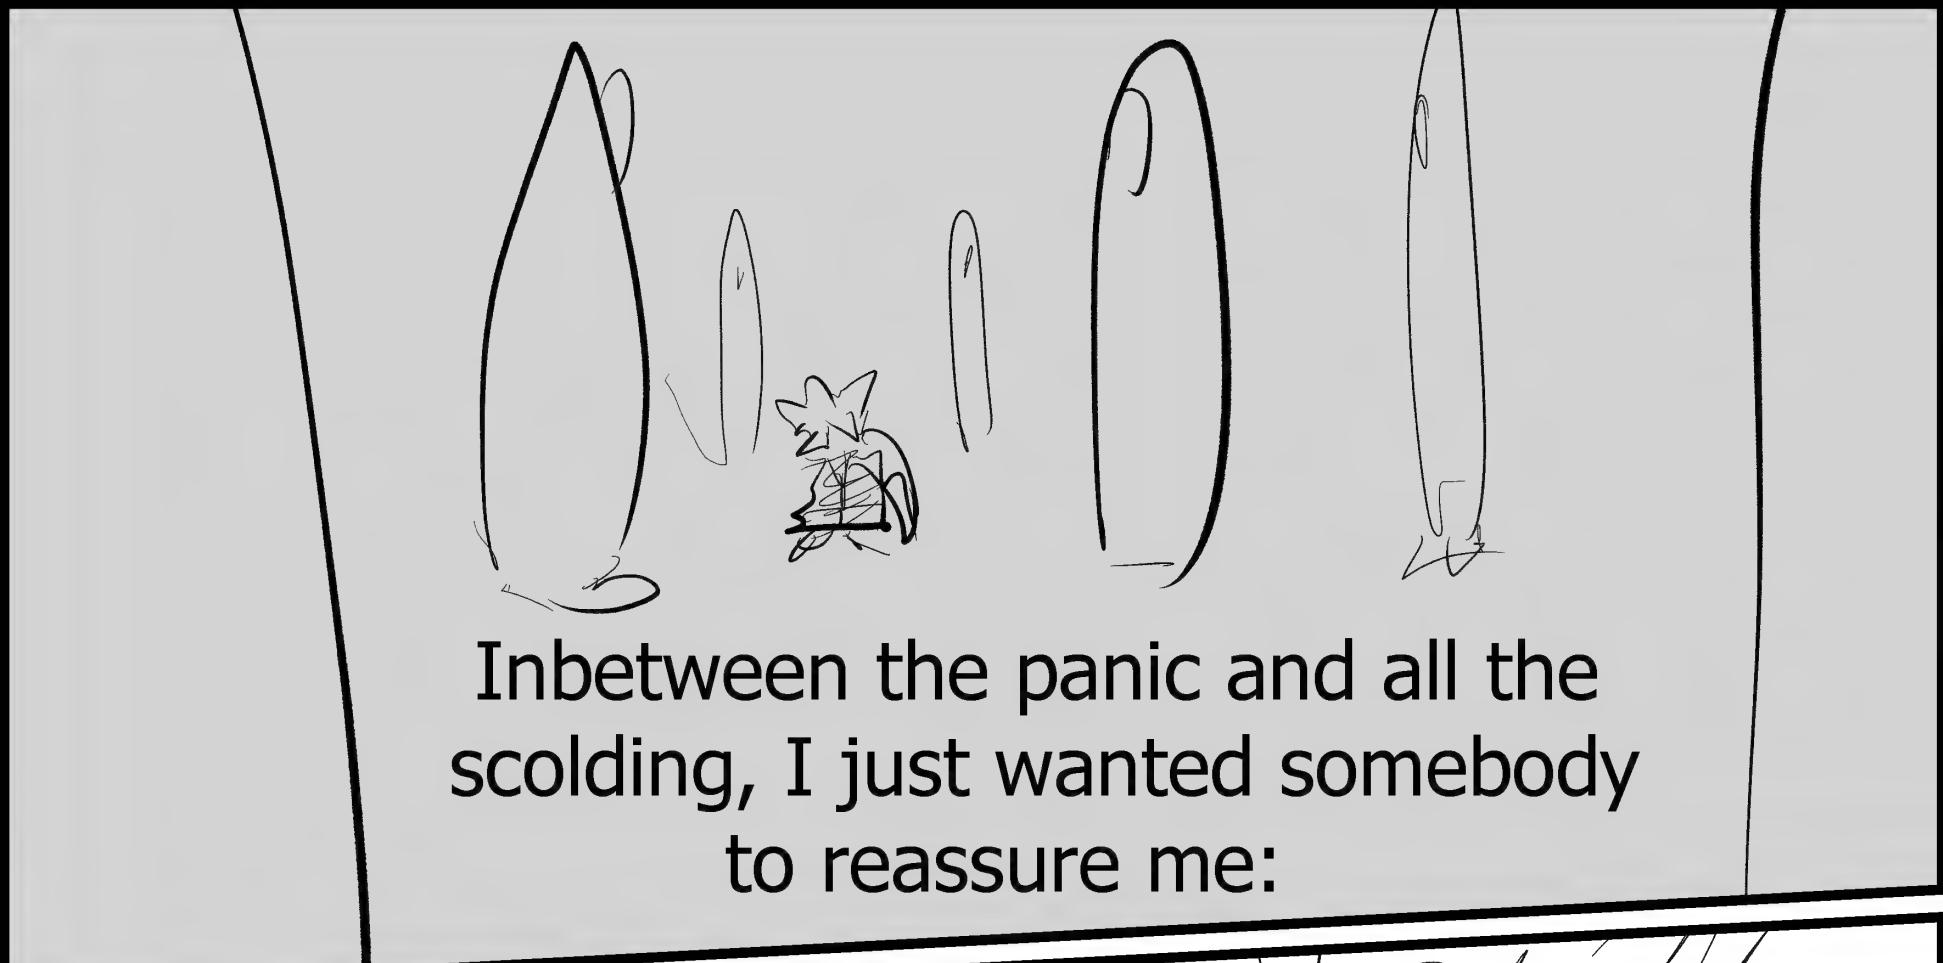

Your'e making
it worse!

When I first
transformed,
there was
nobody to calm
me down

I nearly really hurt many people

Inbetween the panic and all the
scolding, I just wanted somebody
to reassure me:

That it's all cool, just relax

S-soul, what if it
happens again!-

Then I'll release
your arm, just
like that

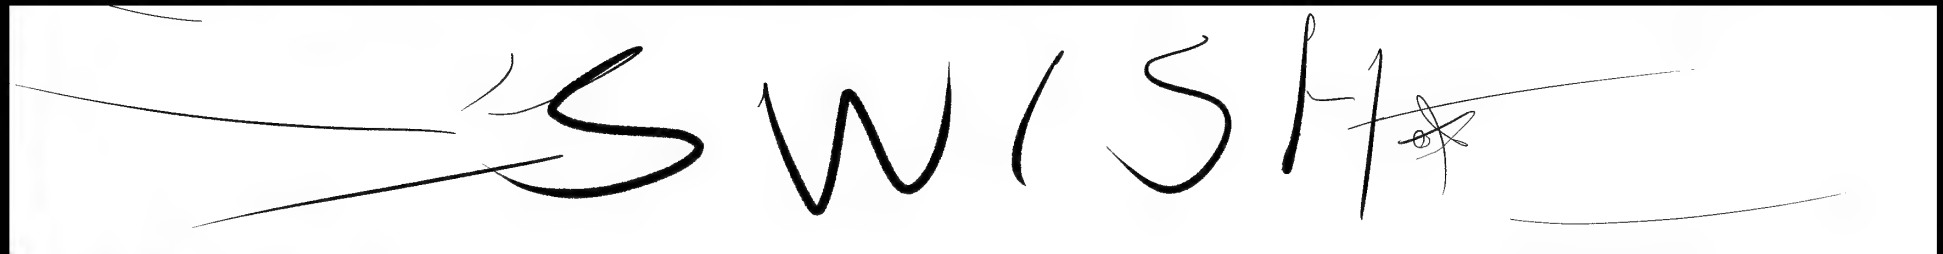

So don't worry I got you

Concentrate on your arm

and...

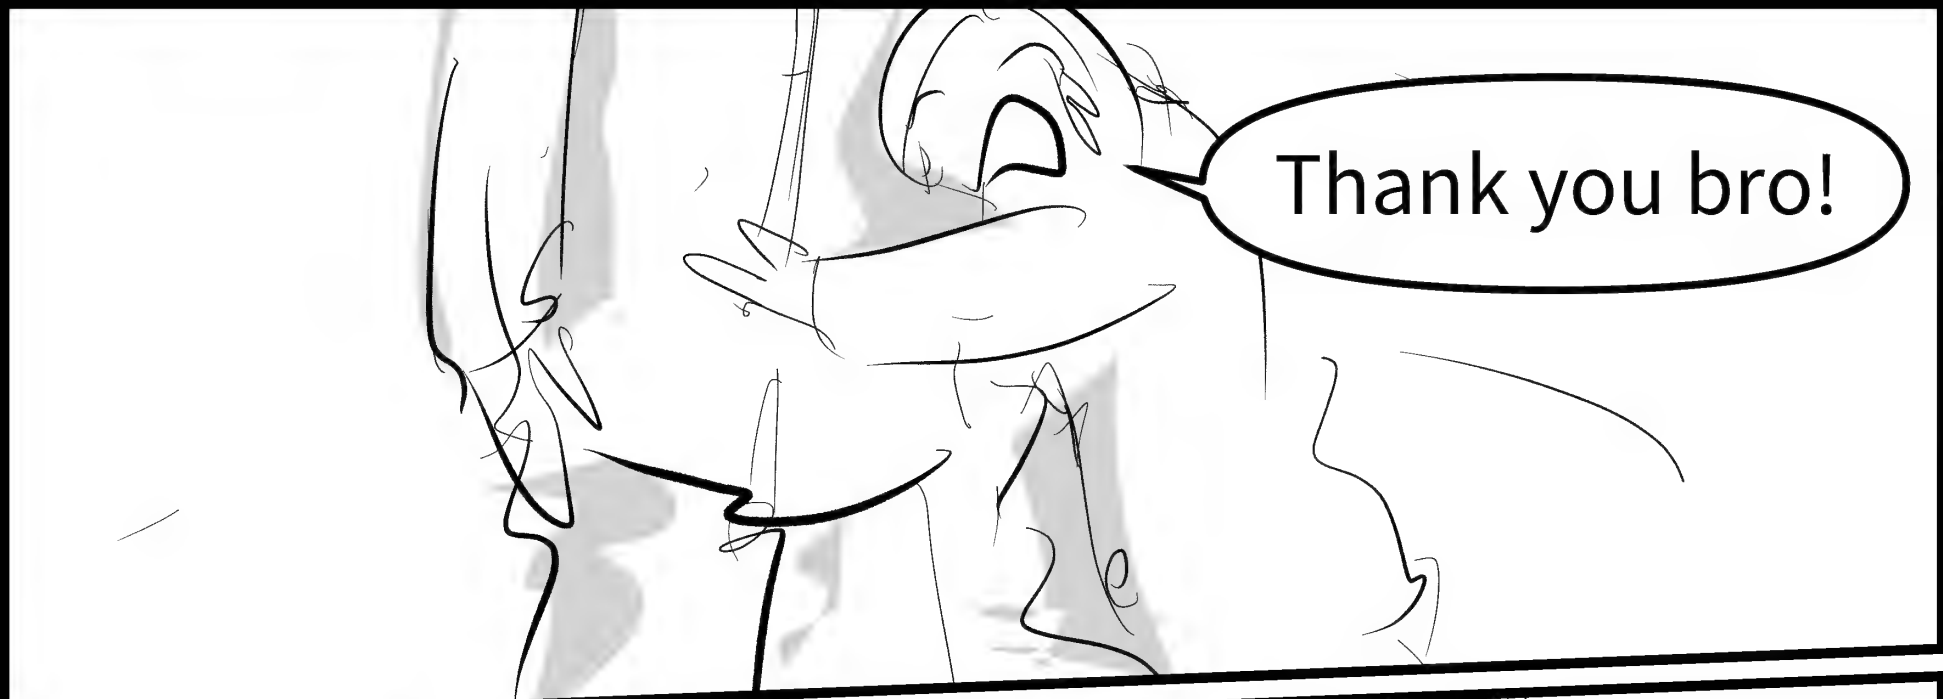

SWISH

It's back!

See, as I said, everything's cool

Thank you bro!

No no

I should thank you...

Ofcourse the one time we leave!

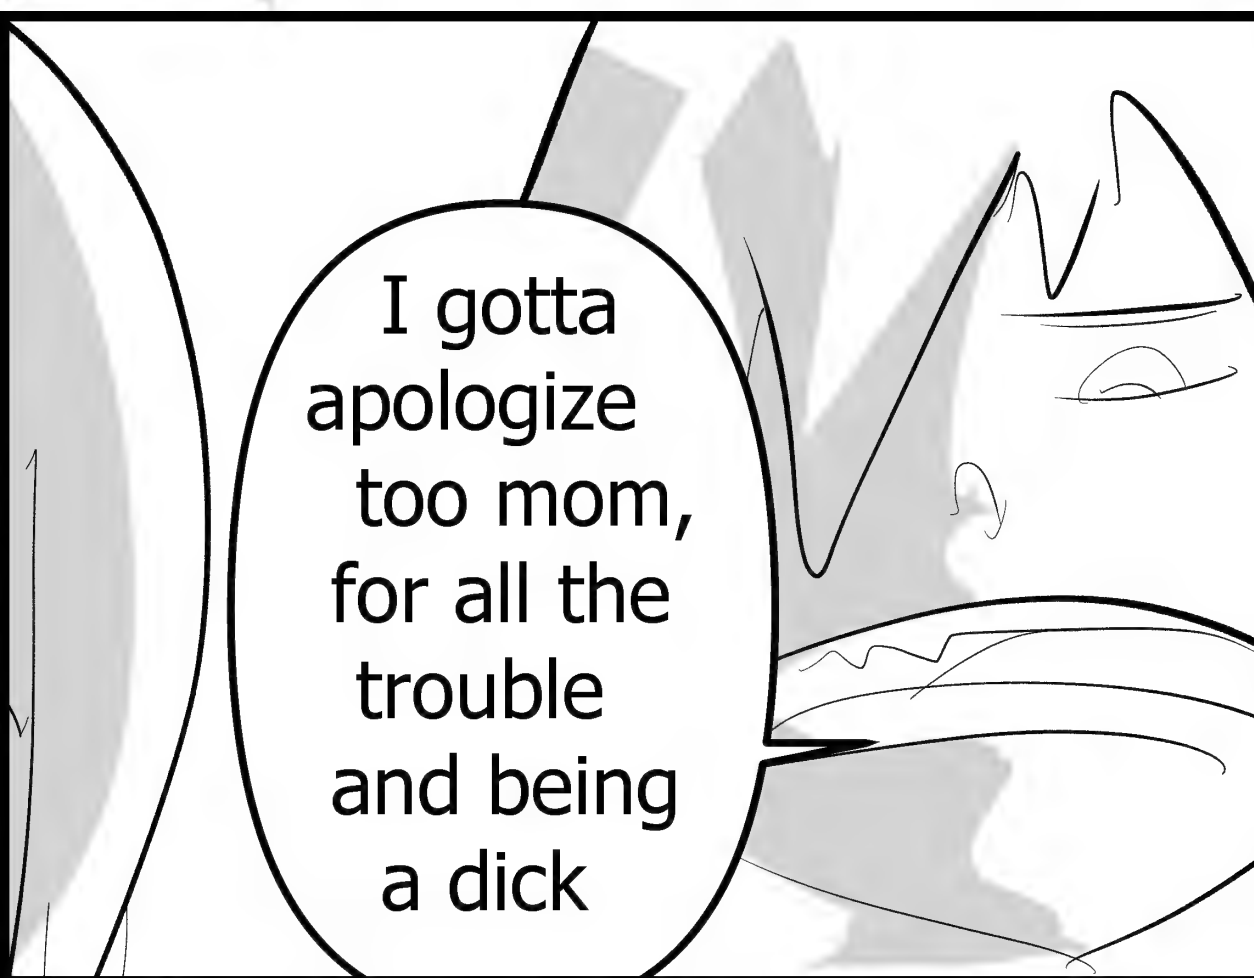

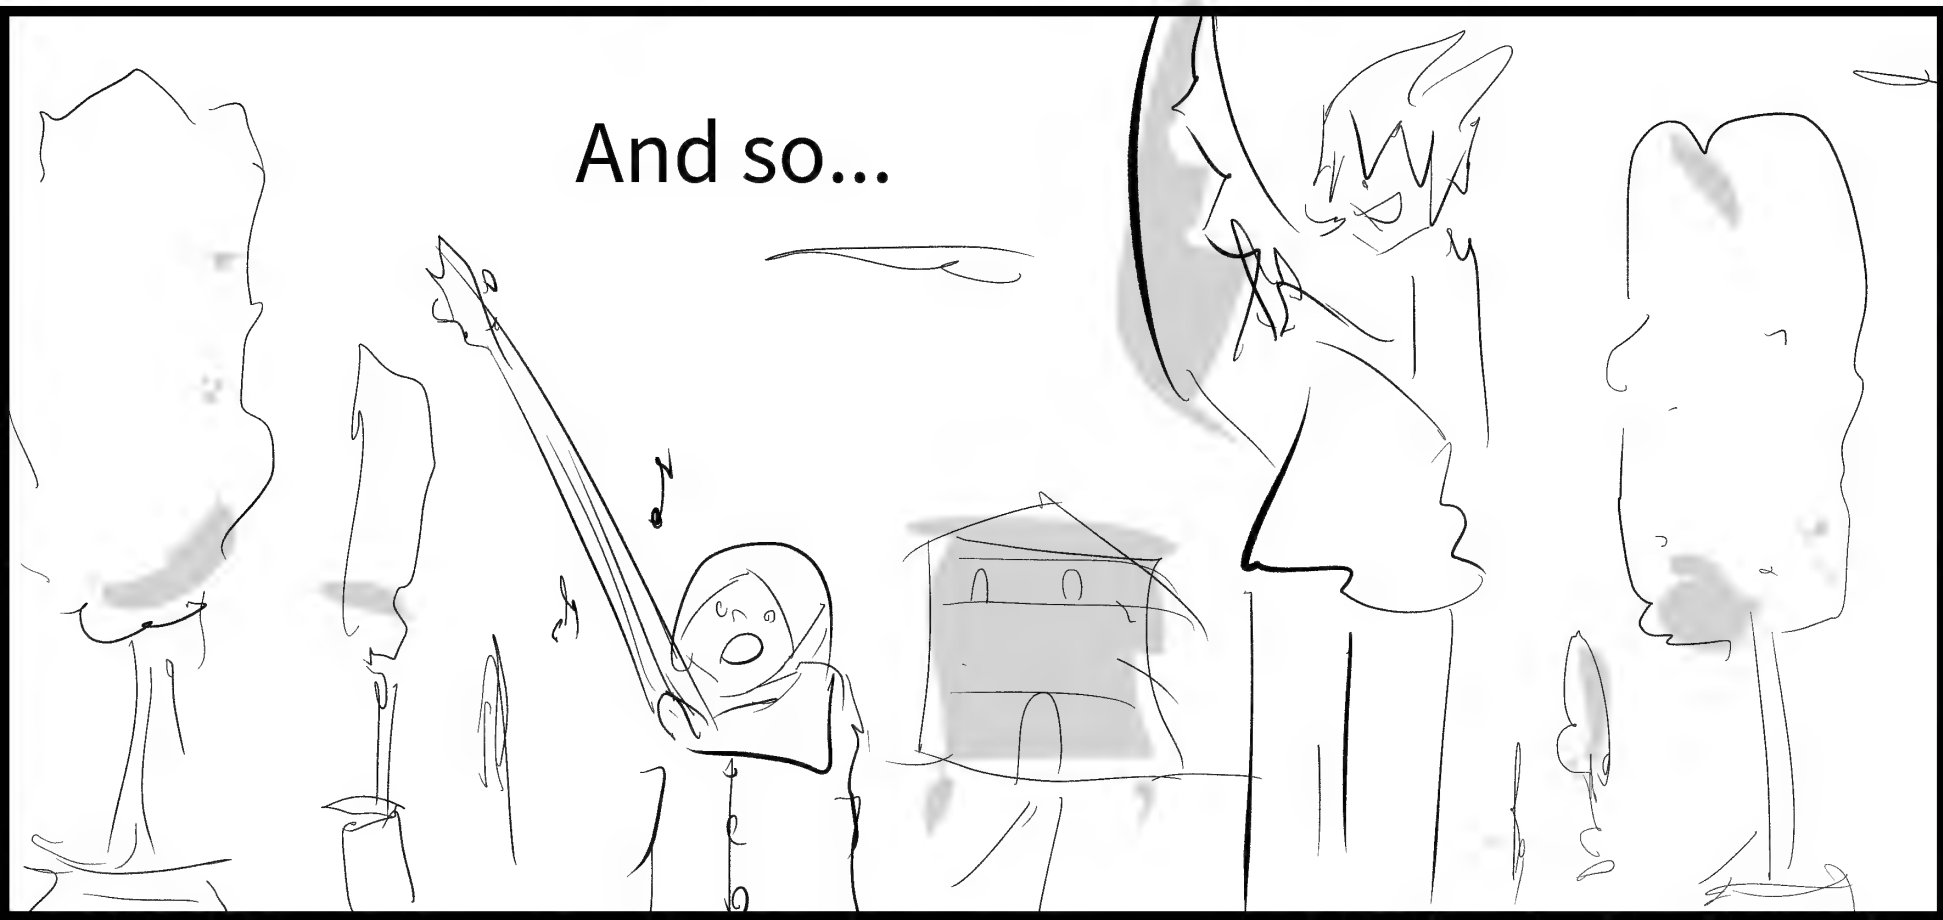

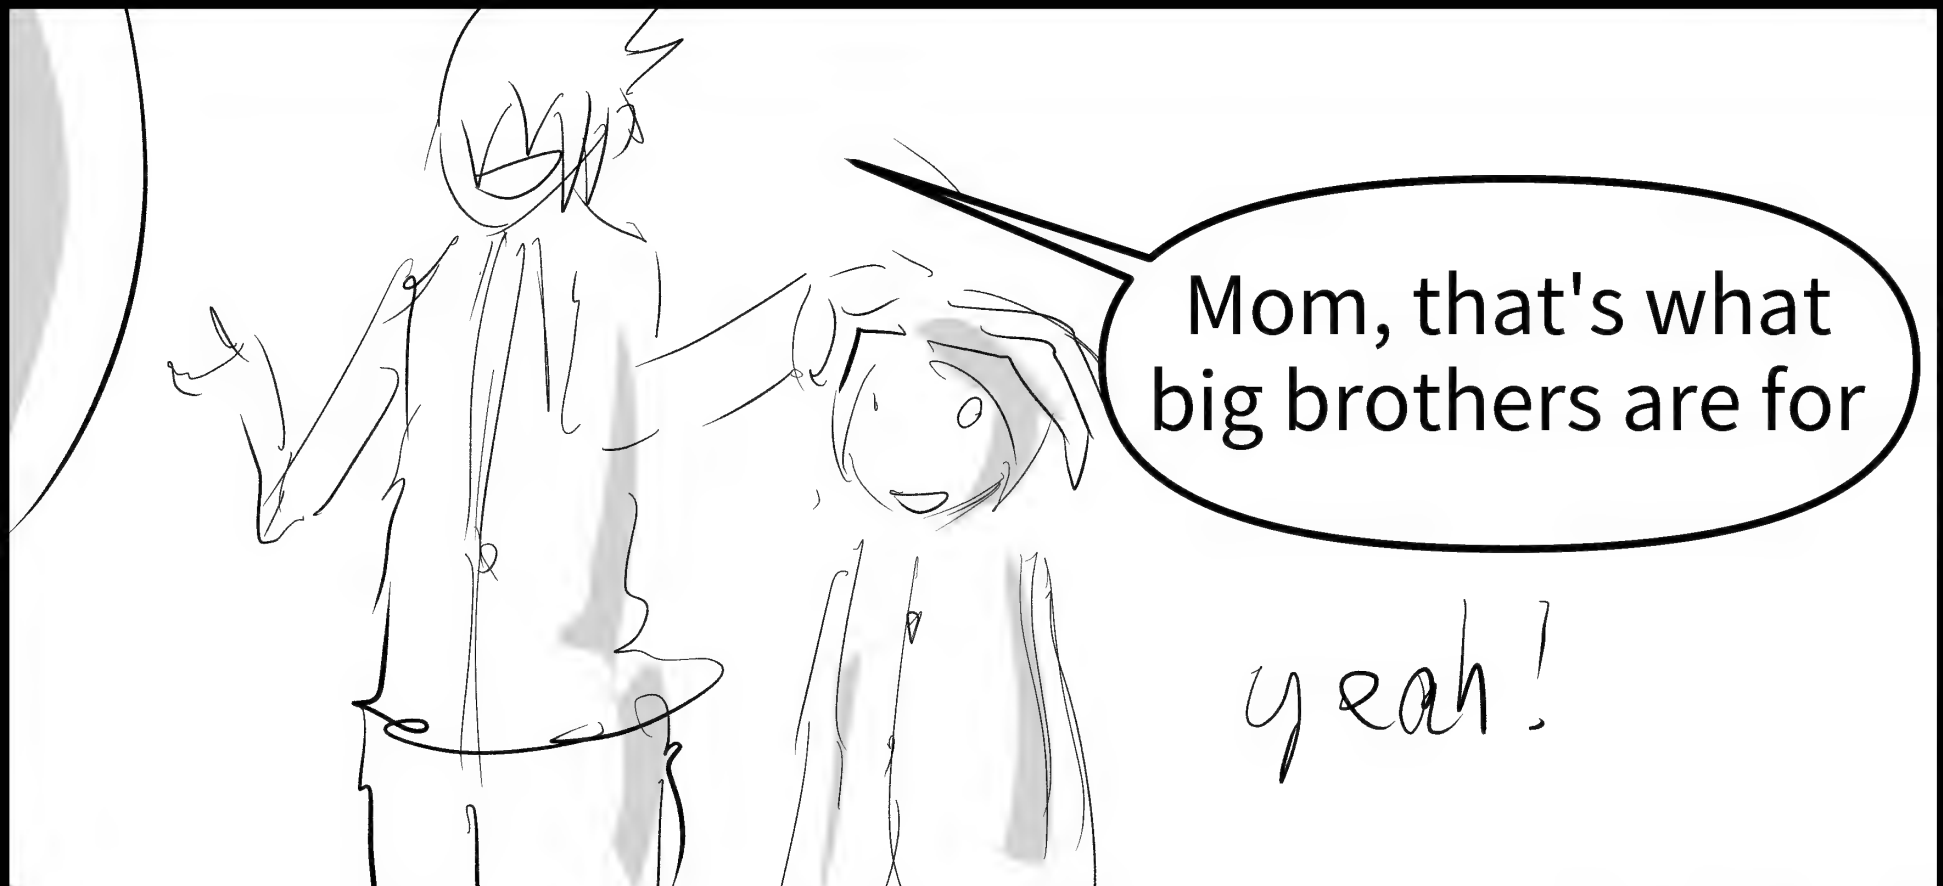

I think I'm going crazy

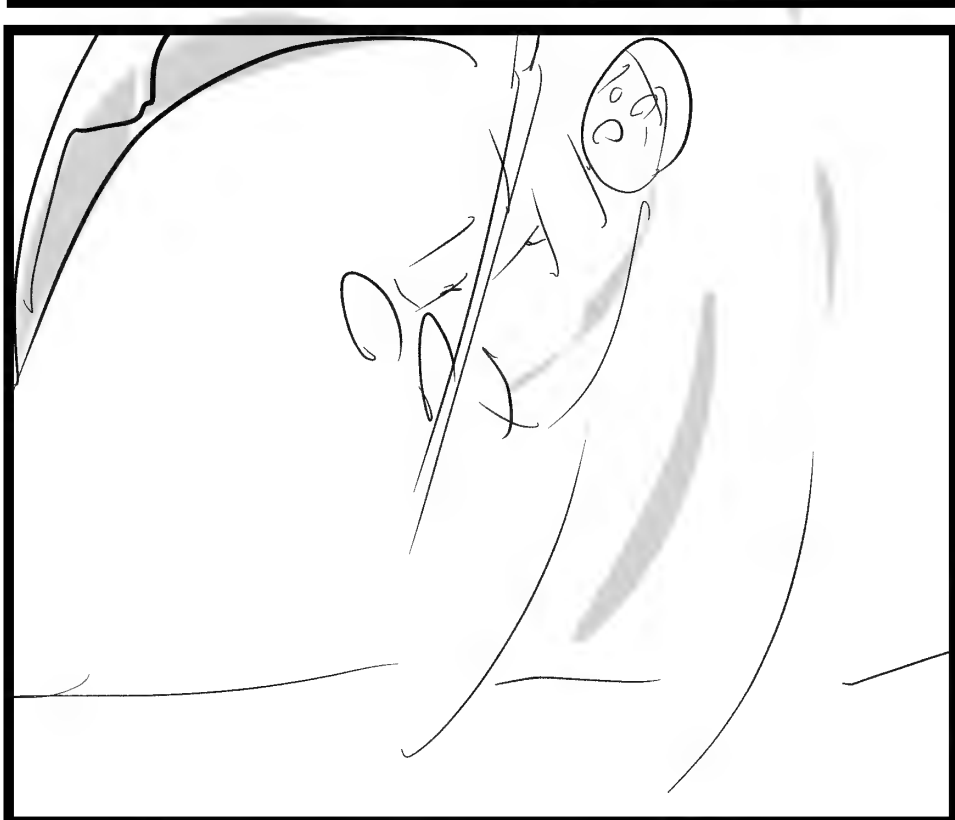

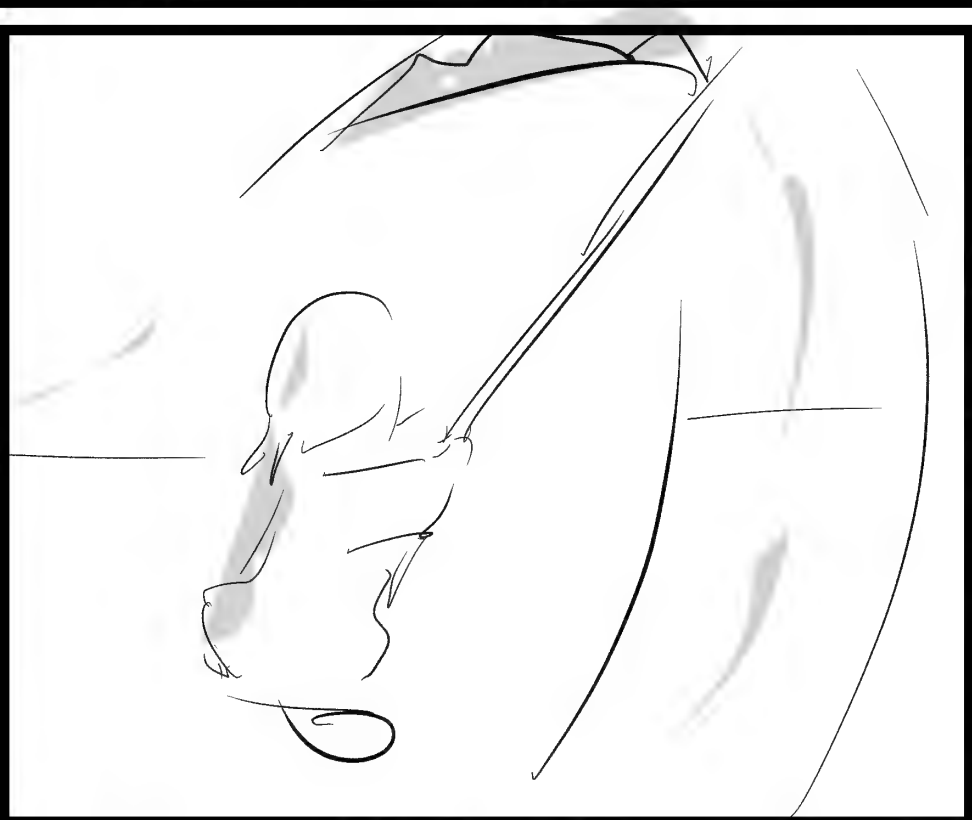

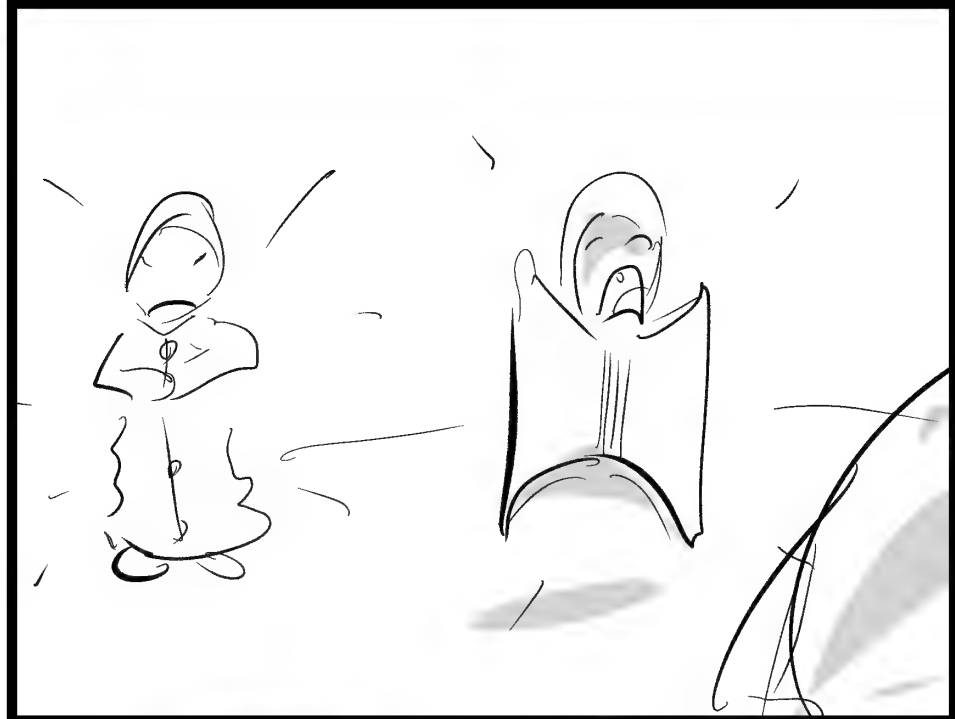

Mom, calm down

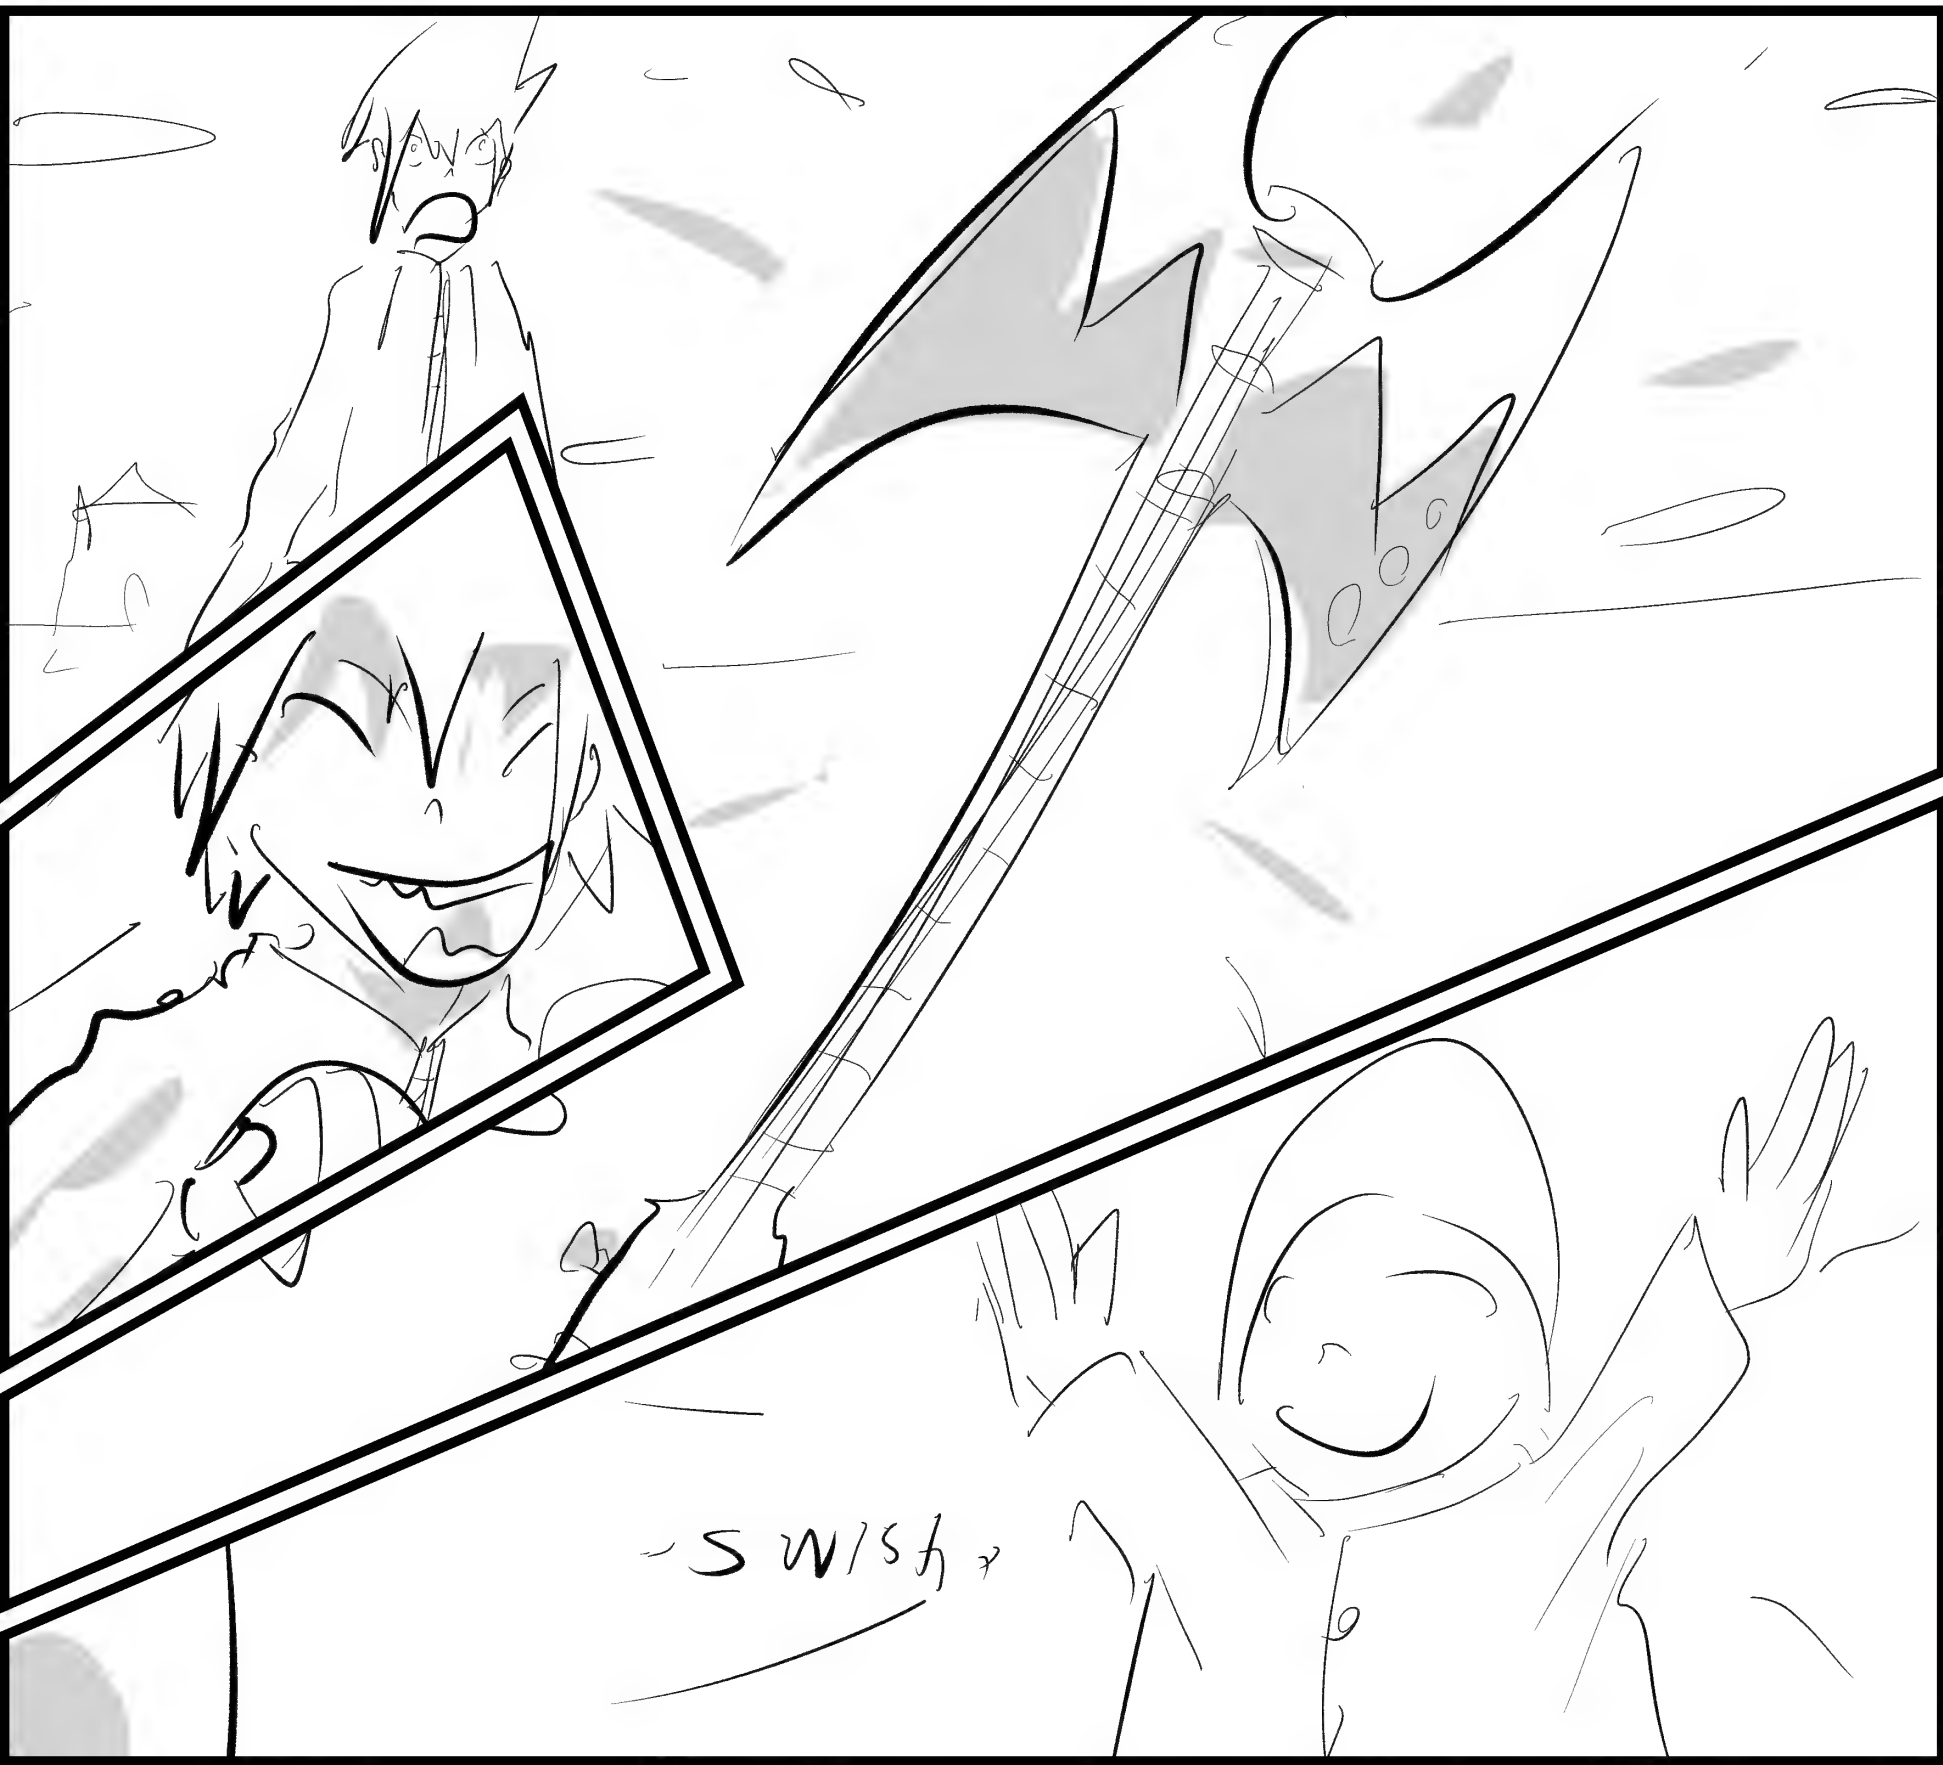

Oh look who's talking

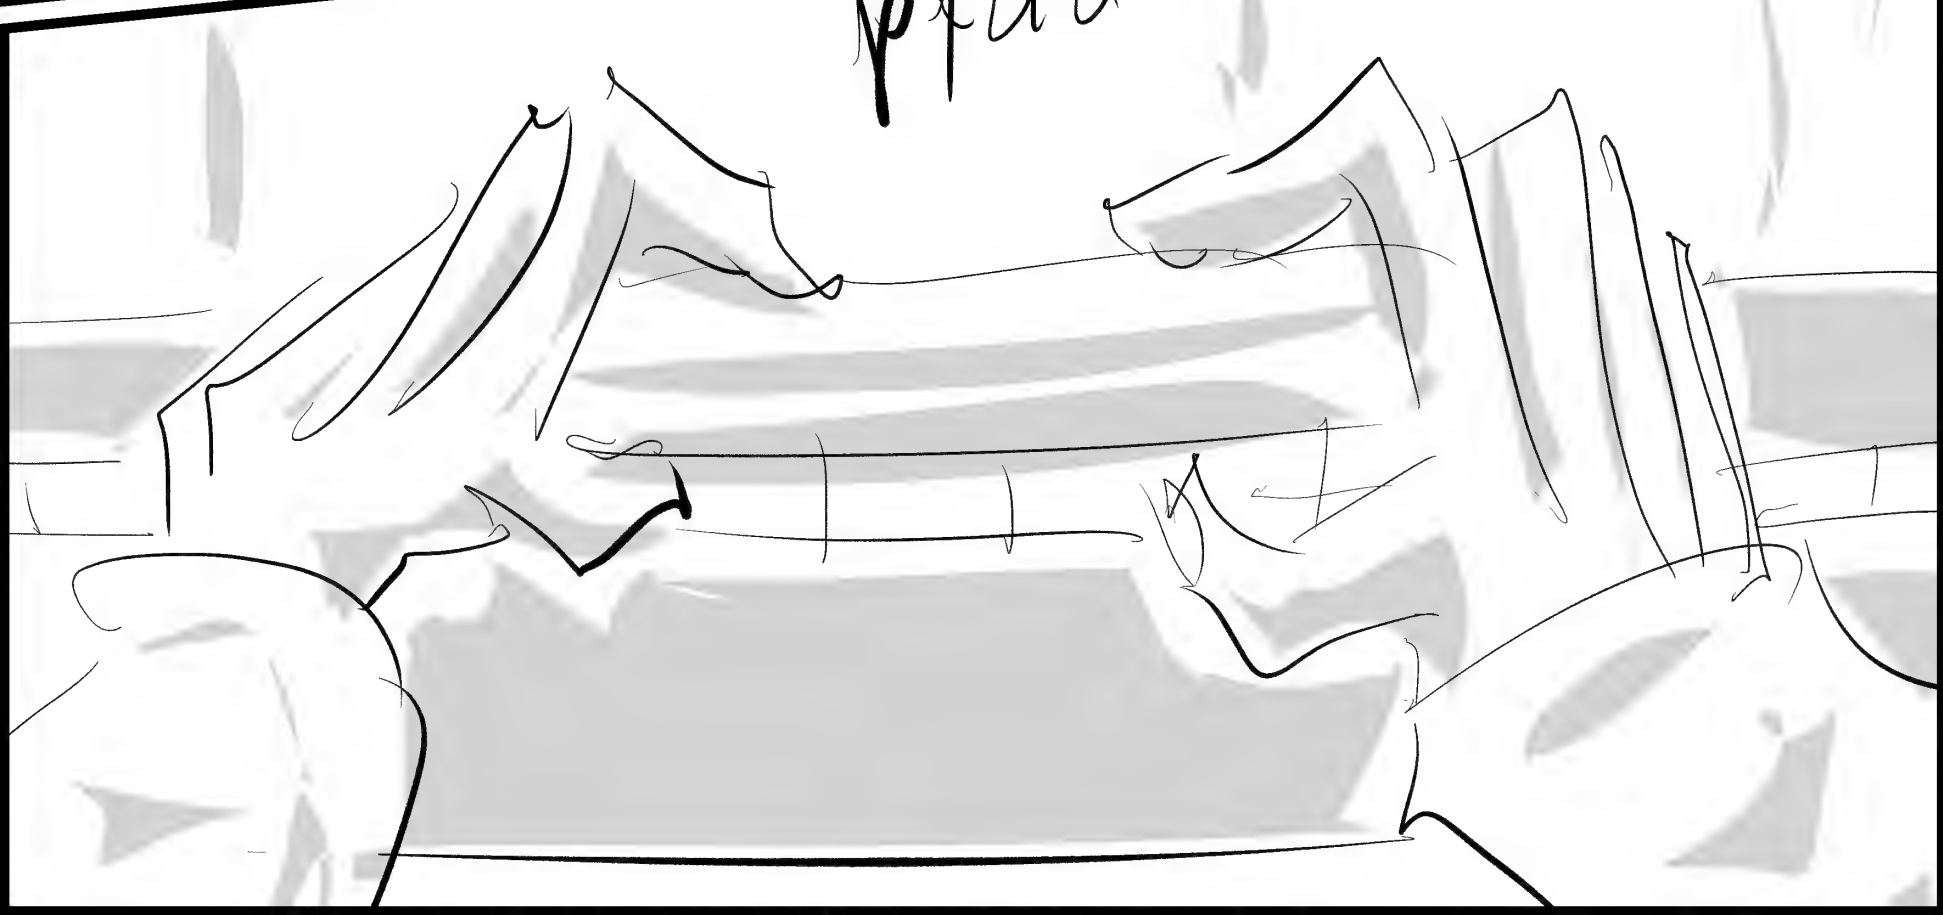

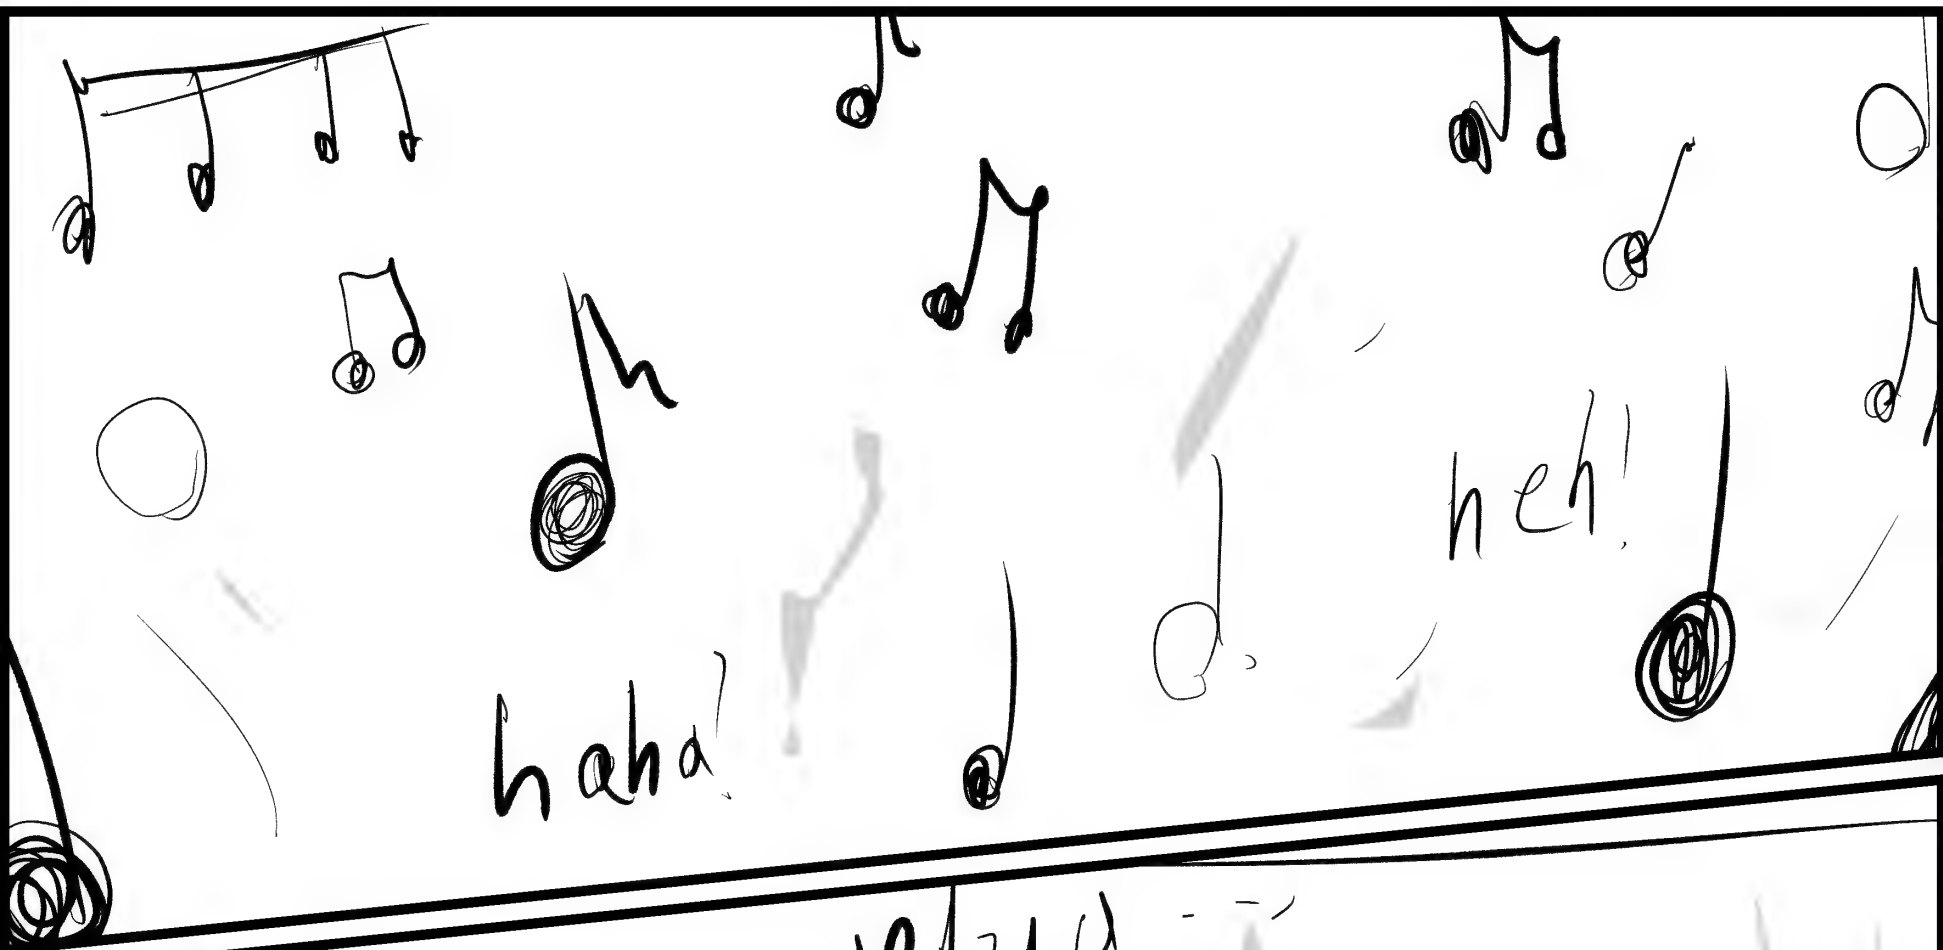

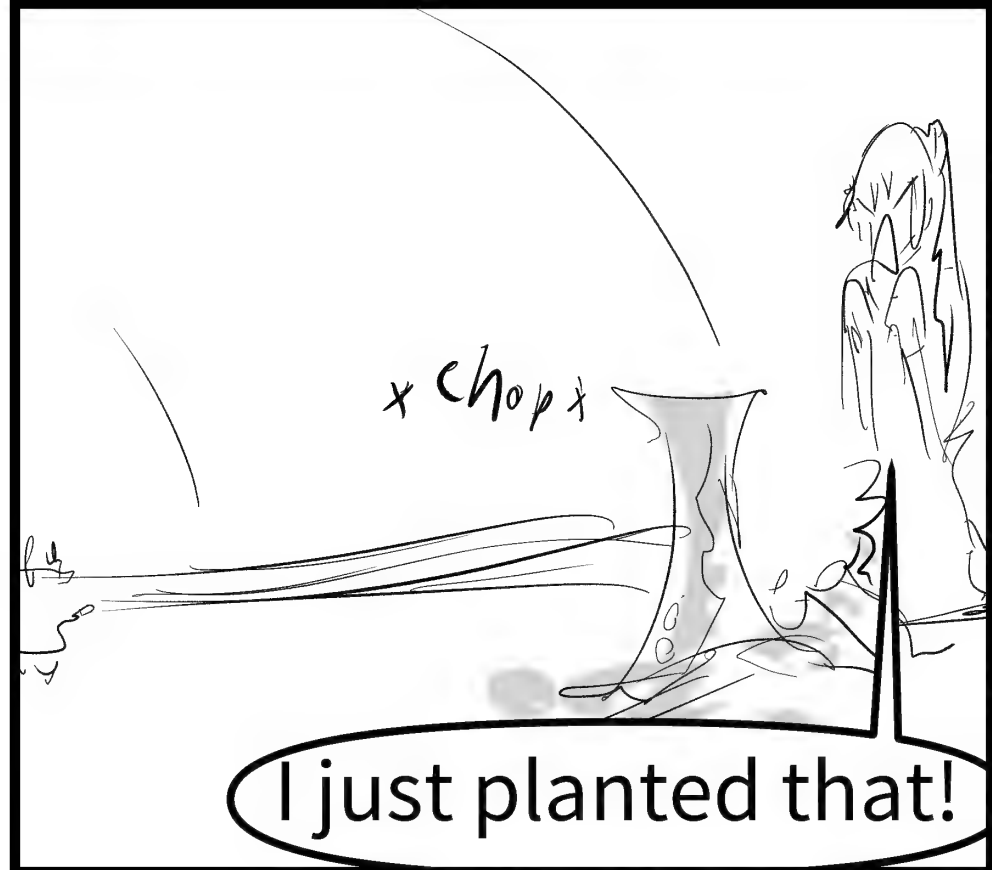

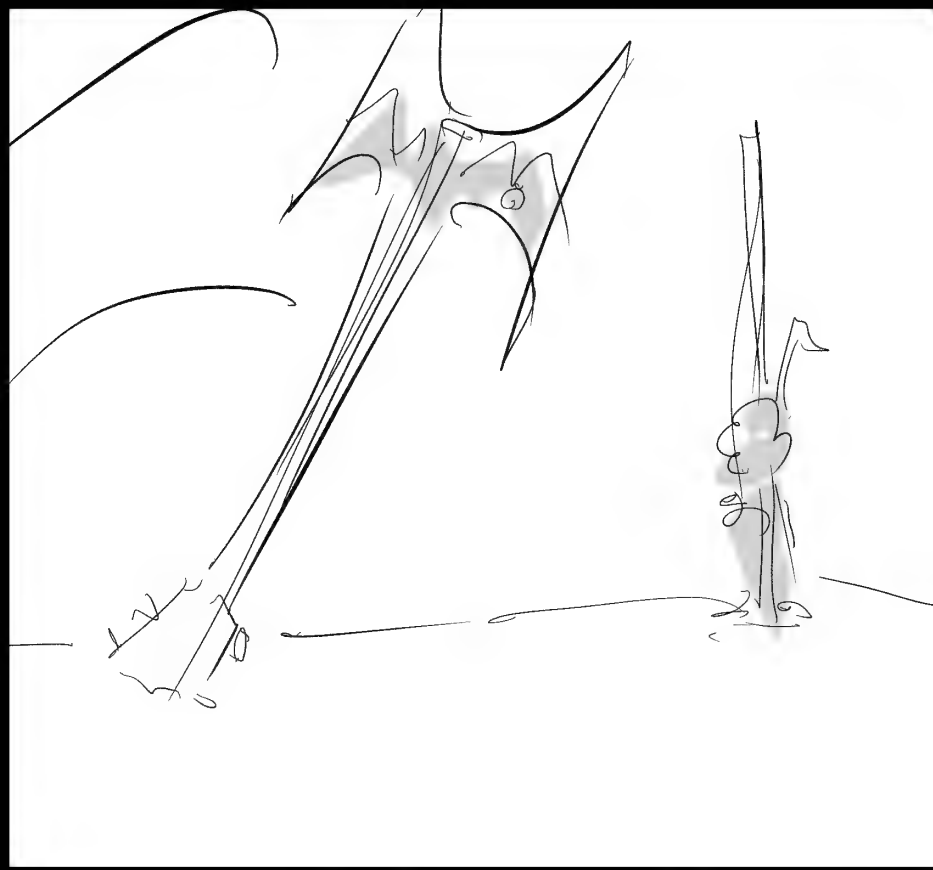

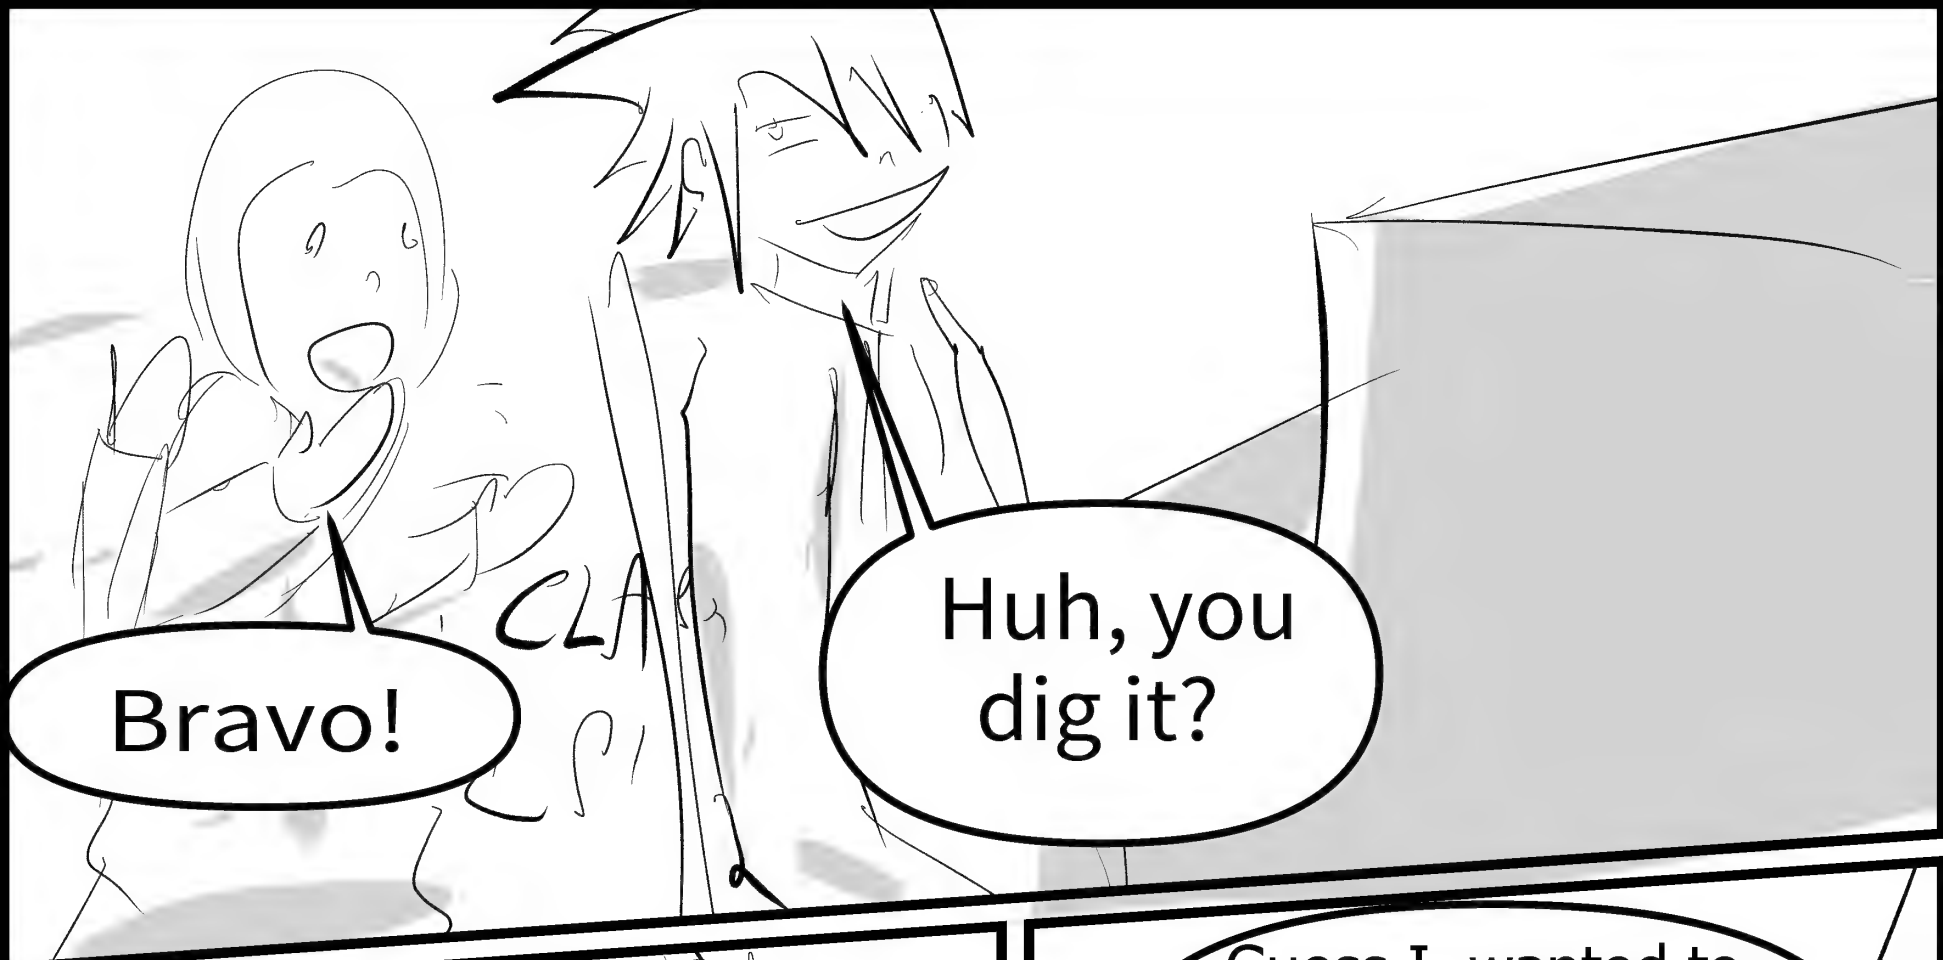

Swish

Bravo!

Huh, you dig it?

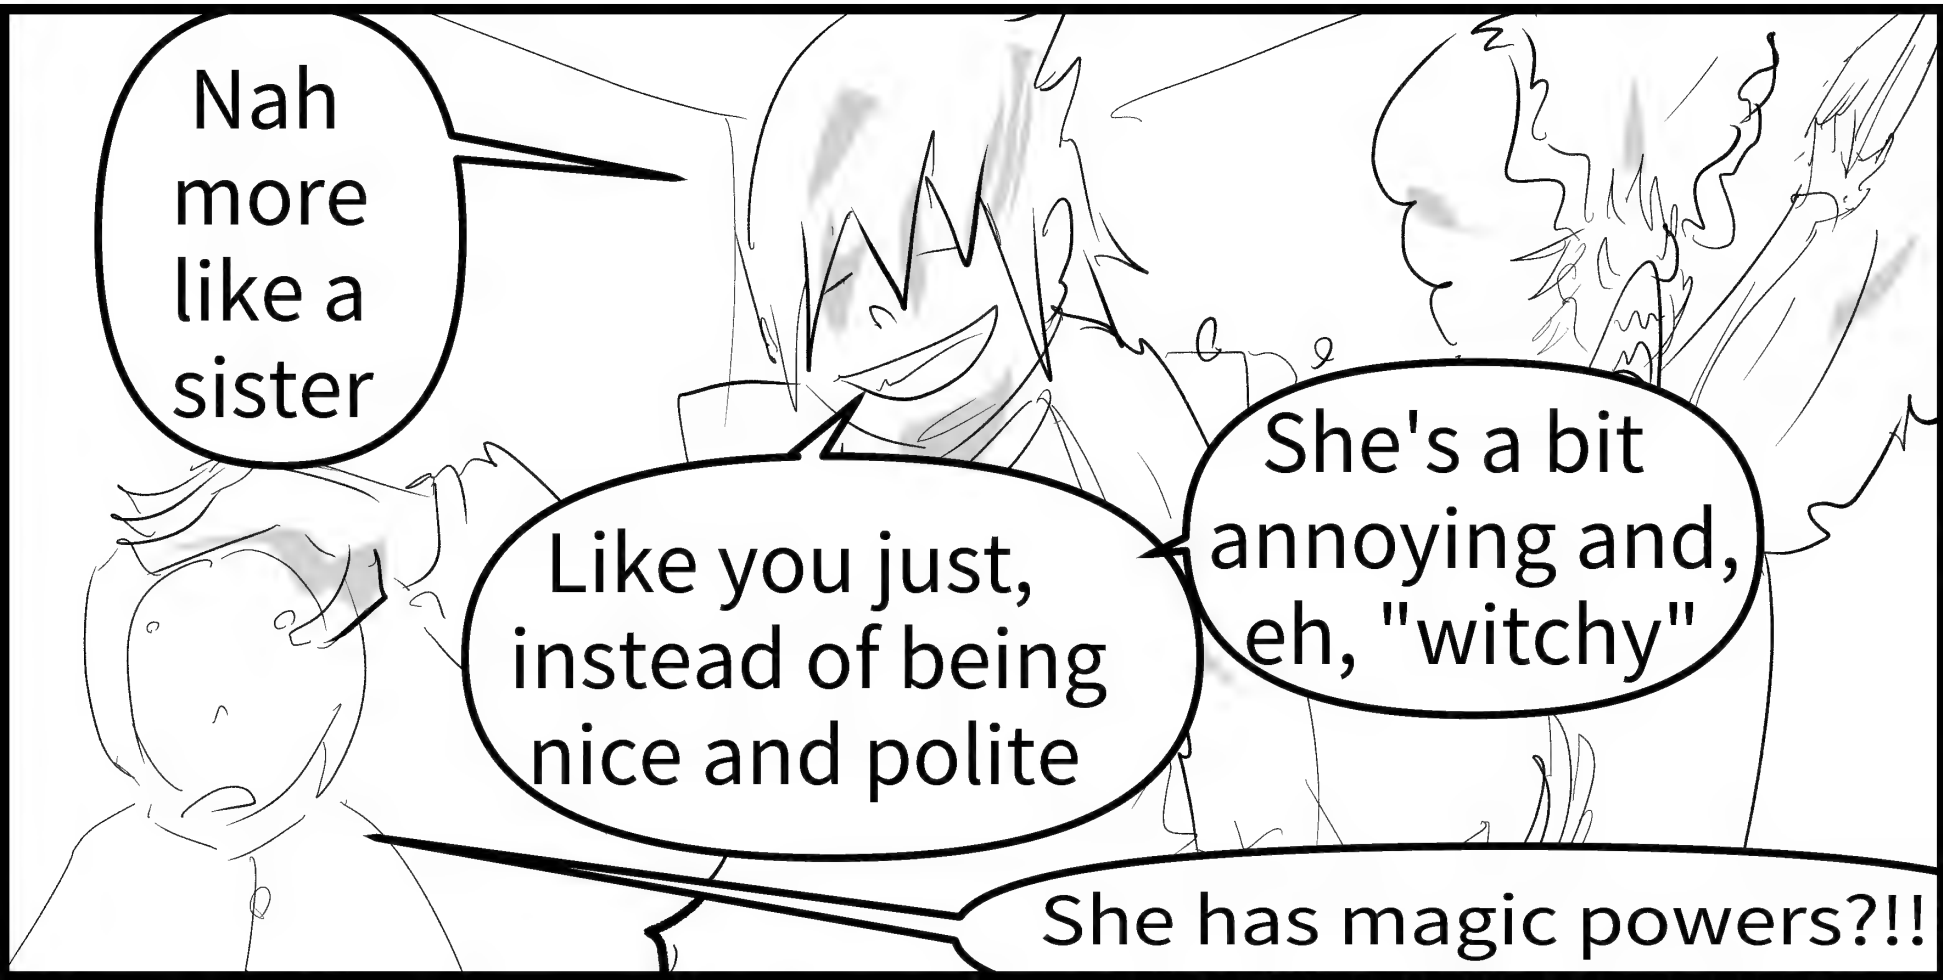

Fun fact, the first time I played it, I just improvised on the spot

Guess I wanted to show a chick how edgy and mysterious I was, how uncool...

Oh, like your girlfriend?

Nah more like a sister

Like you just, instead of being nice and polite

She's a bit annoying and, eh, "witchy"

She has magic powers?!!

But maybe I shouldn't
joke like that when that
chapter of my life is closed

After how I acted

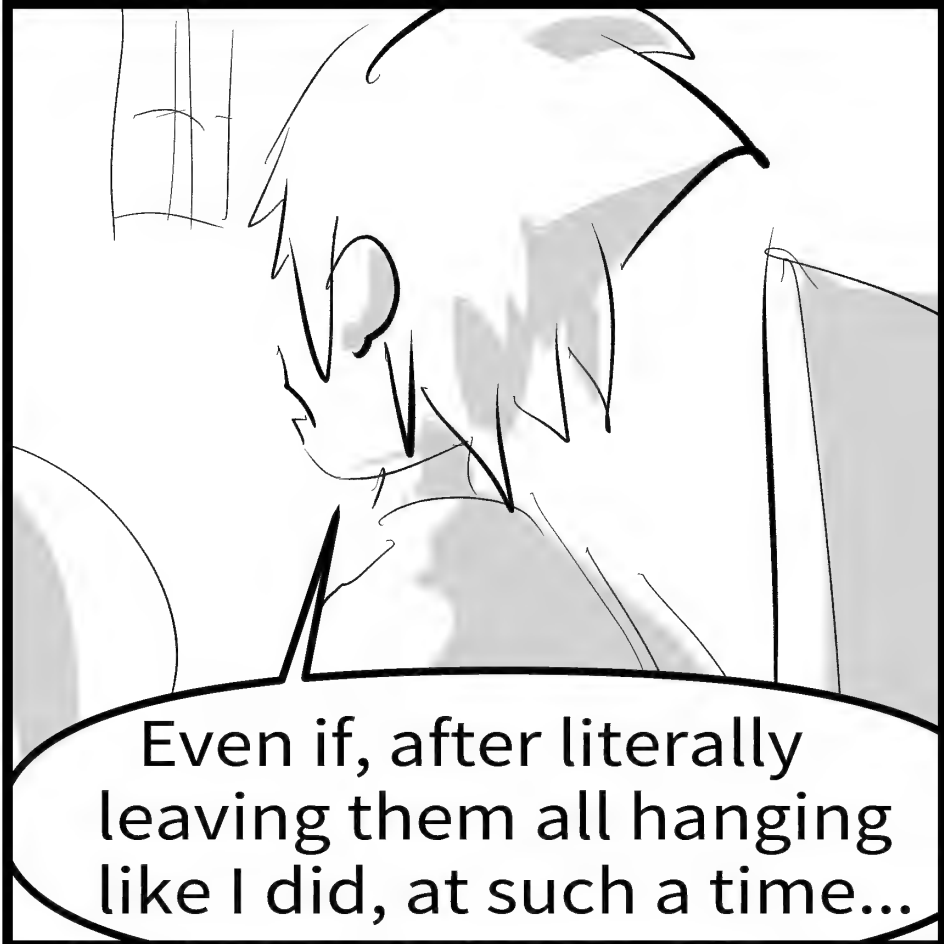

B-but
you were
sick

I wish I "was",
but I don't wanna
lie to you

B-but you are atleast a tiny bit better, right

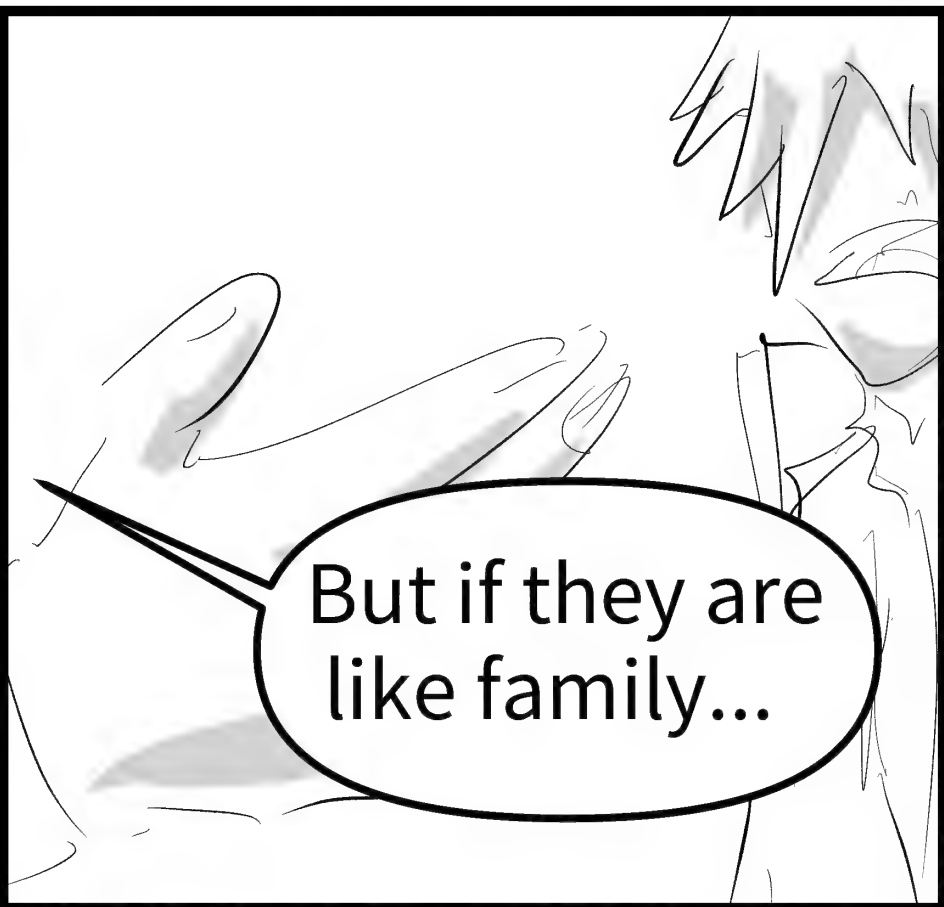

Even if, after literally leaving them all hanging like I did, at such a time...

Soul...

They might be angry...

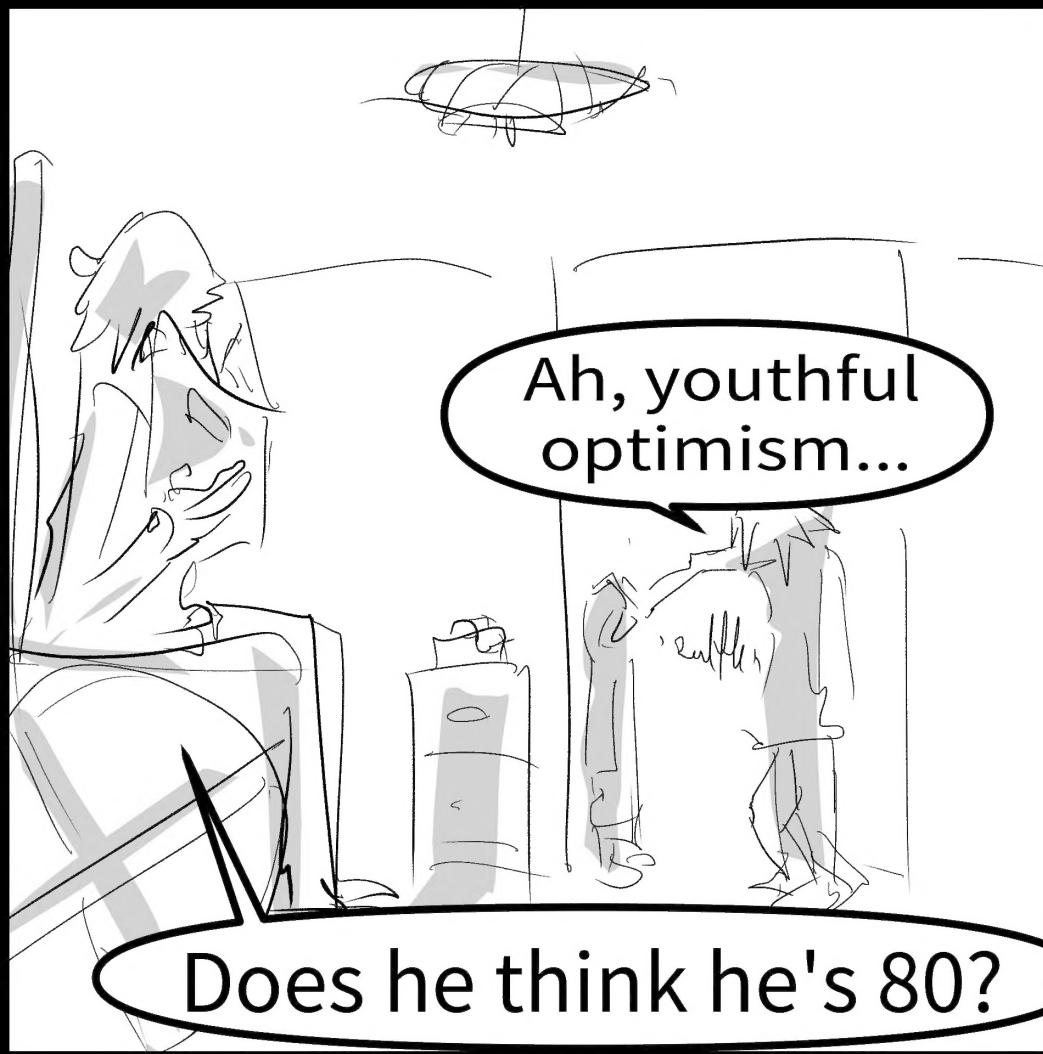

But if they are like family...

Maybe they will

Understand

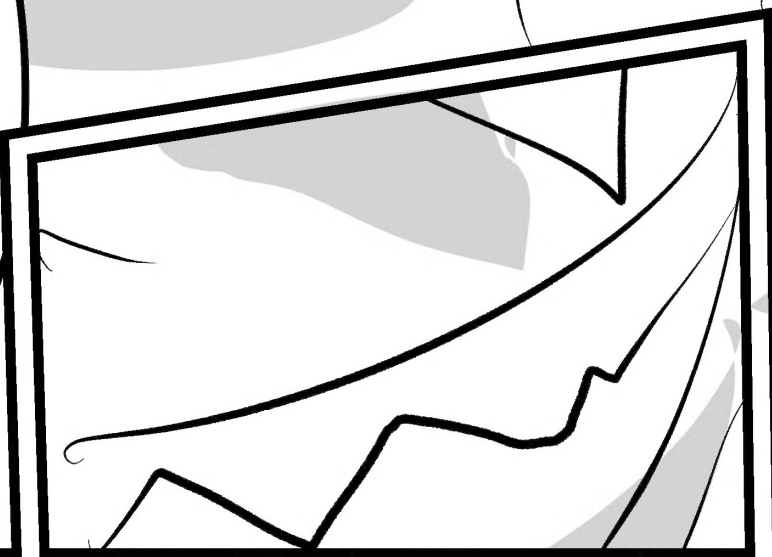

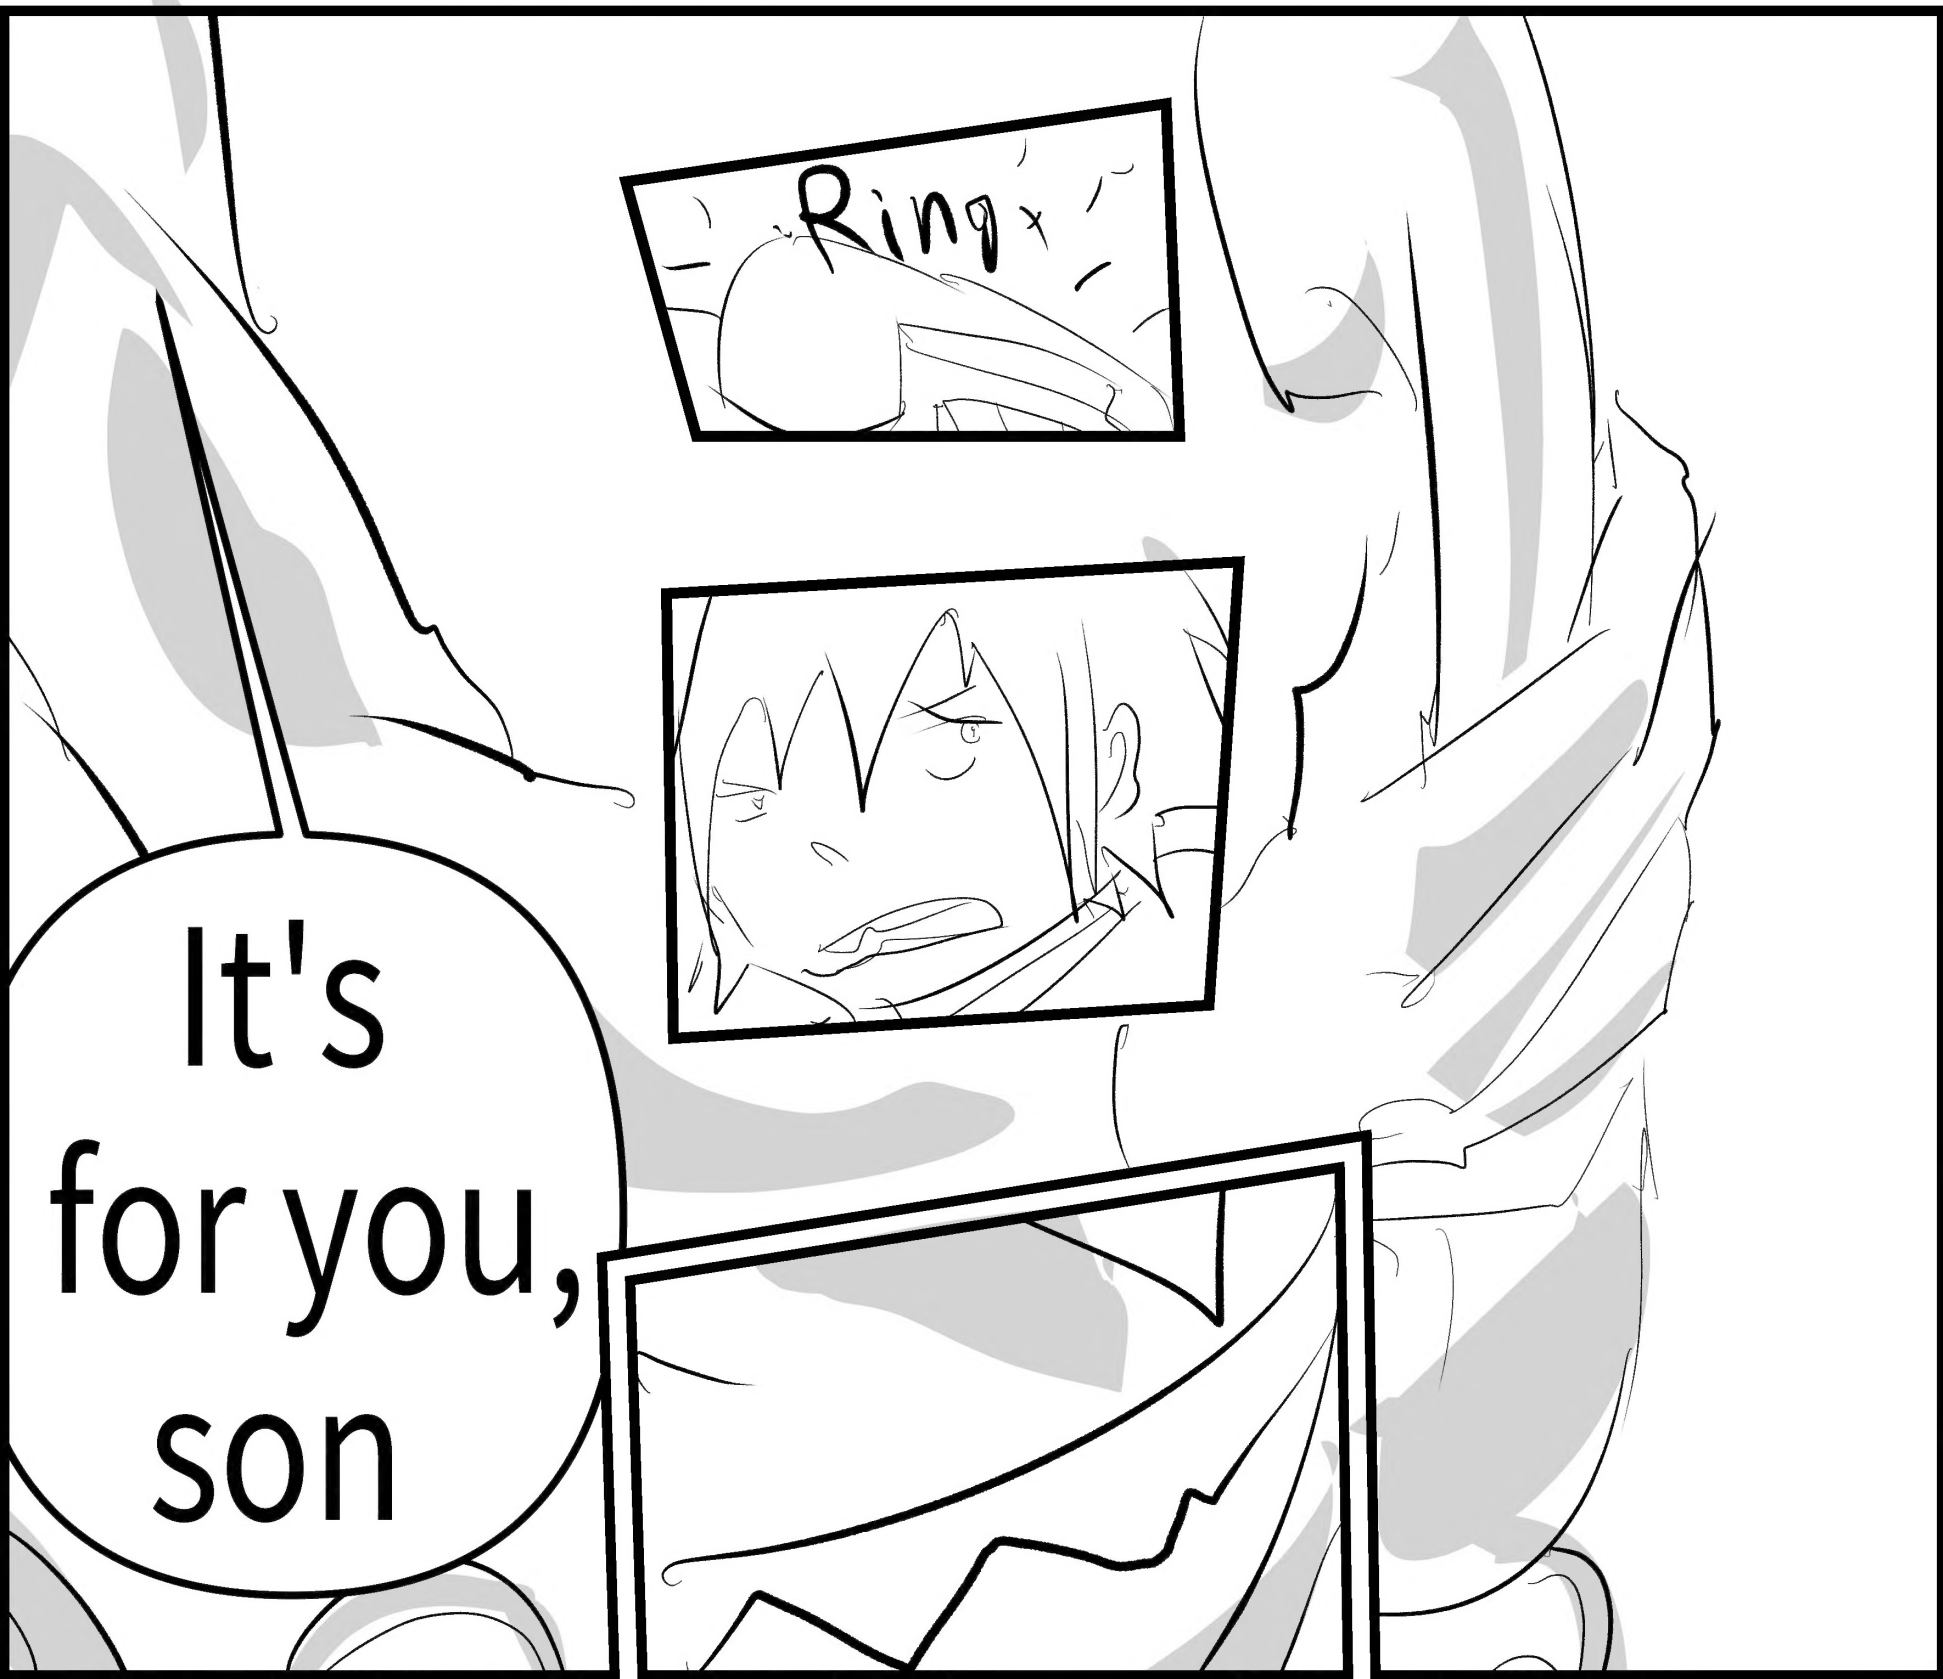

Ah, youthful optimism...

Does he think he's 80?

And even if, I can't just show up out of the blue, when nobody called for me

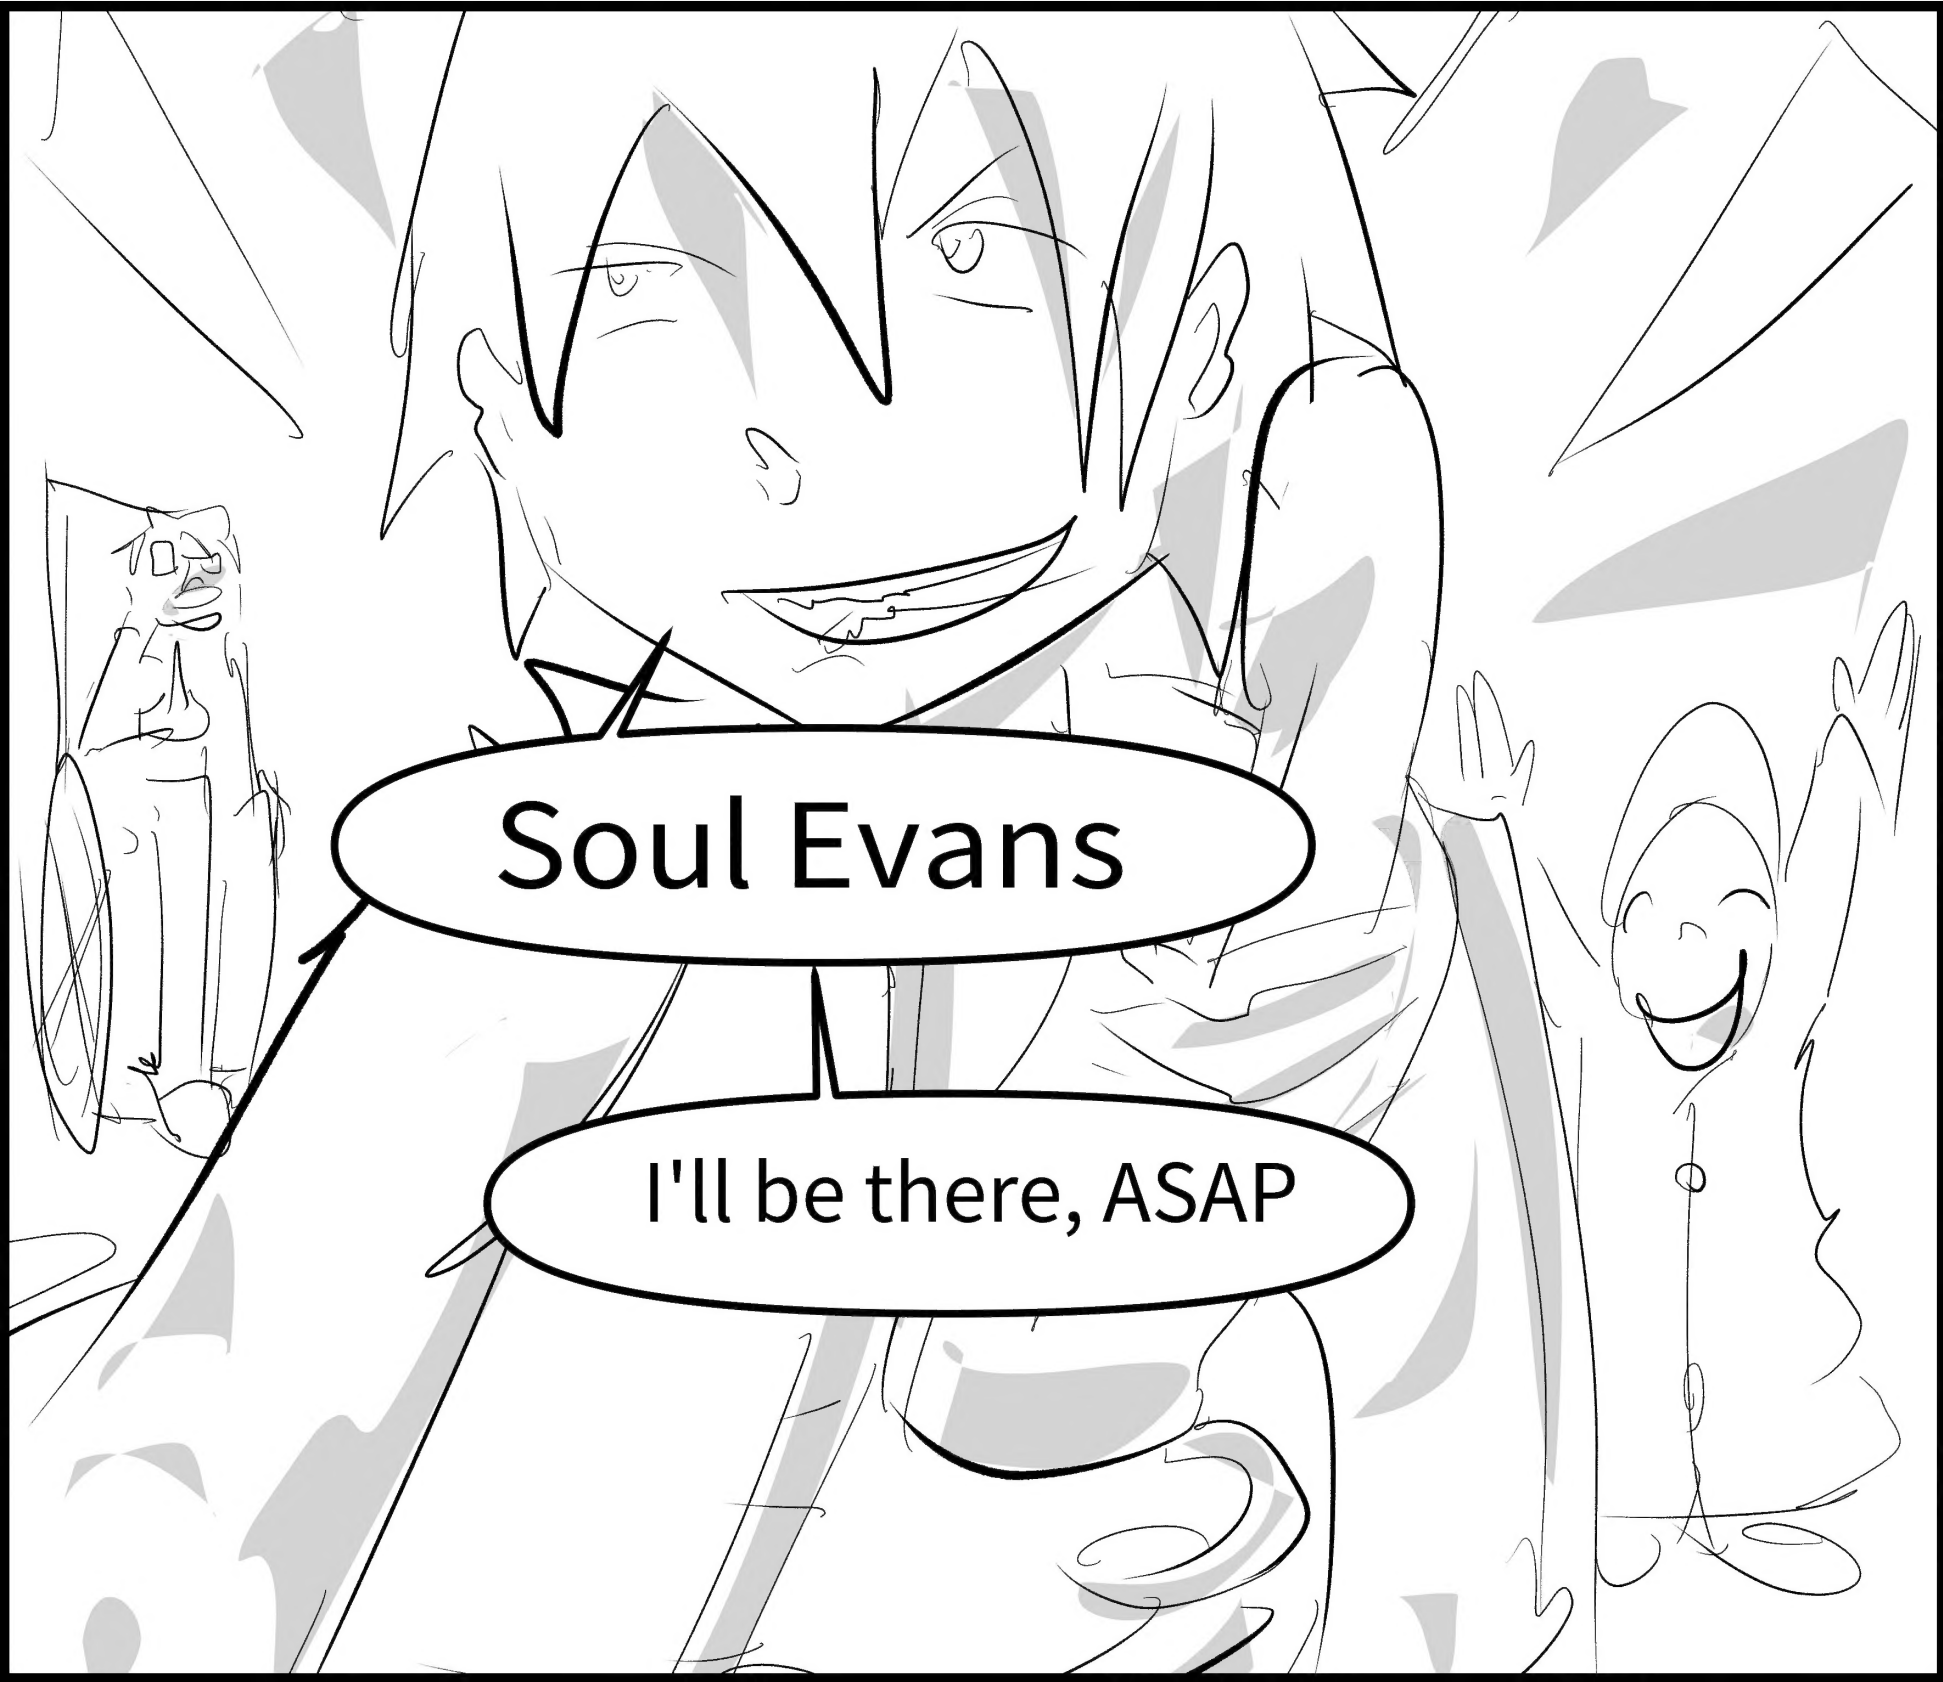

It's for you, son

"Soul Eater"? Nah
I'm done with that

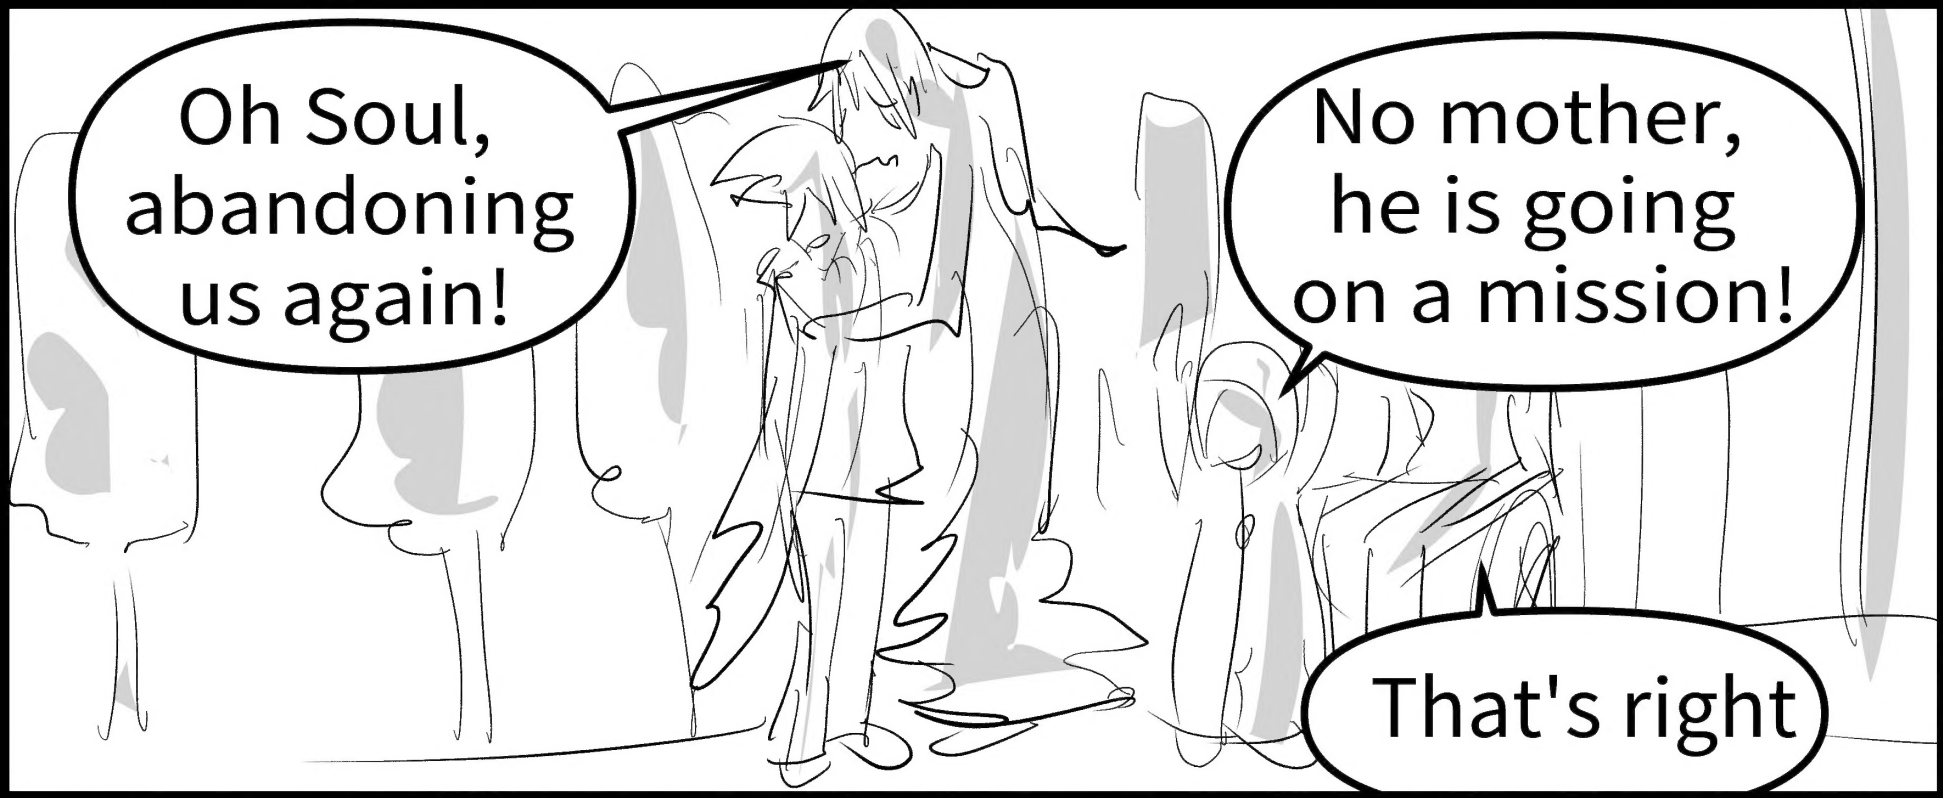

-but if you are
looking for

Soul Evans

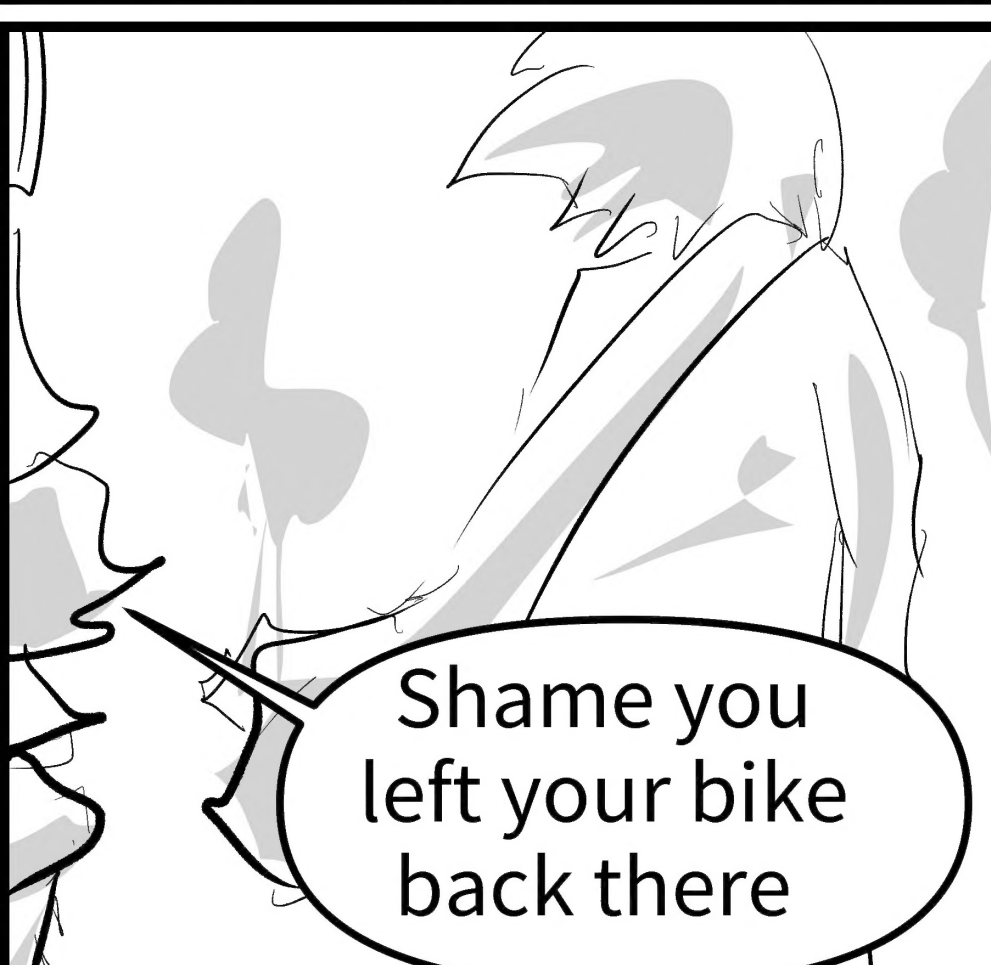

I'll be there, ASAP

Oh Soul,
abandoning
us again!

No mother,
he is going
on a mission!

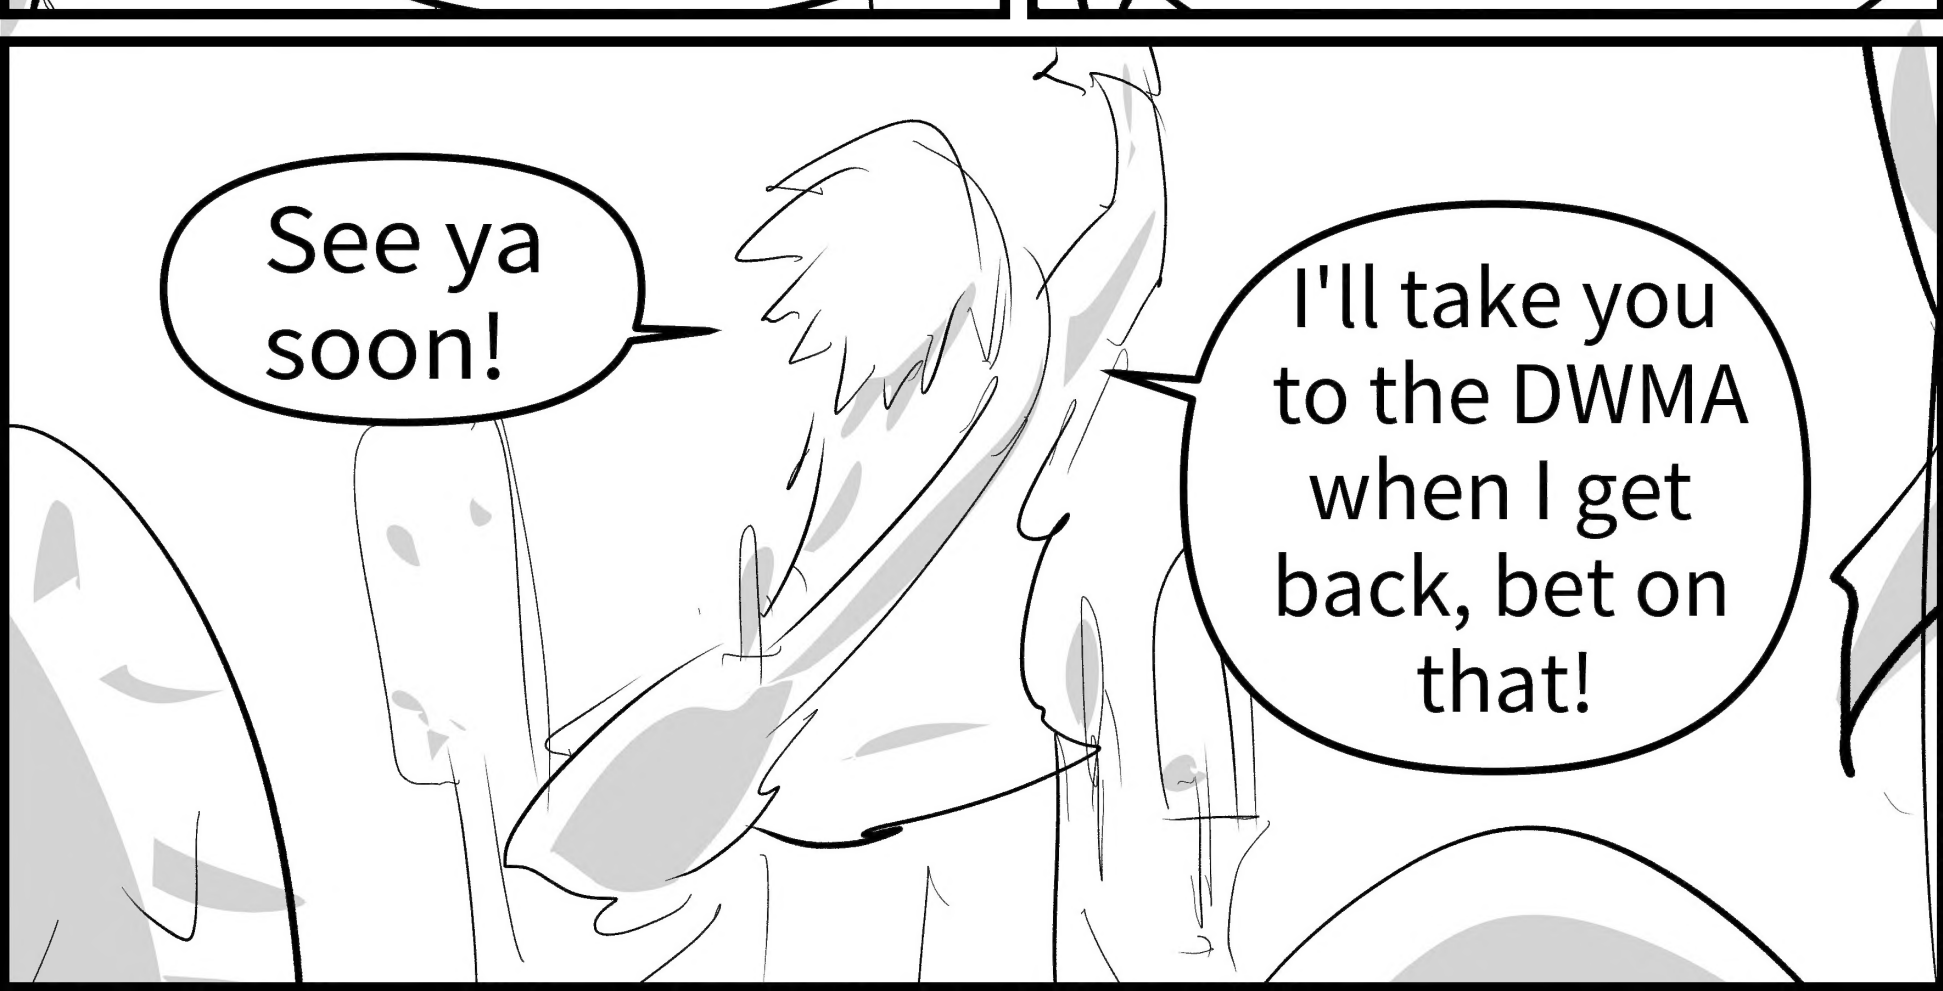

That's right

Shame you
left your bike
back there

Well... I'm not sure
if I could ride it just
yet anyways...

See ya
soon!

I'll take you
to the DWMA
when I get
back, bet on
that!

Yay!

Absolutely not

Swish

But where
will I learn
to get my
weapon
powers under
full control?

In piano class

Bye.

Oh well, I will try
more next time

Hmm, maybe I
was kind of an
asshole recently

chapter
6
